### *Participating in Latvia*

BCIE is the official examination centre in Latvia for **IELTS** (International English Language Testing System), **Cambridge exams** (Cambridge English Language Assessment, Level A1- C2), **ACCA** (the Association of Chartered and Certified Accountants), **Admissions Testing Service**, University of London, Open University and many other exams of British universities and professional organisations.

**IELTS** is the most popular English language examination in the world, and every year it is taken by 2.5million people. **IELTS** is recognised by 9000 higher education institutions in the world, as well as thousands of employers. **IELTS** results are available 13 days after the test date.

**Cambridge English Language Assessment** exams have been well known world-wide for over 100 years, and many higher education institutions recognise them as both entrance examinations and final exams. Employers rate these certificates highly as they evaluate the ability to use English in situations related to studies, work and recreation.

BCIE also offers Cambridge English Young **Learners** exams for children aged 7-12 (A1-A2).

**ACCA** is the leading international accounting organisation that awards widely recognised international qualifications in the business sphere. **ACCA** qualification encompasses all entrepreneurial spheres – from financial statements, management accounting, corporate taxation and law to audits and business ethics.

The **Admission Testing Service** exams allow students to take entrance examinations for the best universities in Great Britain. These examinations are taken in order to apply for the programmes of medicine, philosophy, politics, economics, law, mathematics and others.

## **Academic Summer** *(Great Britain)*

[www.academicsummer.com](http://www.academicsummer.com)

*Participating in Lithuania, Latvia, Estonia*

Academic Summer offers you quality Prep School, GCSEs, IB and A-level preparation and revision courses in July and August. We welcome British and international students aged 7 to 18 and we follow a Content and

Language Integrated Learning (CLIL) approach. You will experience a demanding and varied academic programme with us in the summer.

In 2016 Academic Summer is located at DLD College in central London and Sidcot School near Bristol. Lessons integrate theory and practice. If you are a scientist, you will find yourself doing practical experiments in the laboratories; if you choose Design and Technology, you will complete a practical project in the workshops.

If you are aged 15 to 18 you will choose your subjects and you will also be able to choose specialist weeks to help you prepare for medicine or Oxbridge. If you are aged 13 to 14, you will explore the broad curriculum of the IGCSE and cover a wide range of academic subjects. Academic Juniors is for students age 7 to 12 and offers a full curriculum of subjects taught by primary specialists.

Academic Summer offers a structured and balanced leisure programme designed for you. This includes sports, activities, student-led charity events, cultural visits and trips to complement the academic programme and to encourage social interaction in English. You will be encouraged to learn new skills, work in a team and aim for your Personal Best. We can offer your parents and grandparents the opportunity to study with us in the summer at DLD, London. Academic Adults is for adults age 25 plus and we offer 15 hours of lessons and the option to book one-to-one lessons as well.

Established in 1907, the school has around 290 pupils on roll and is set in a magnificent Grade I listed building, surrounded by 30 acres of beautifully landscaped parkland. Adcote combines small class sizes and individual attention which go hand in hand with a wealth of extracurricular opportunities. We are fortunate that Adcote has a strong multicultural community, with around two fifths of our pupils from overseas. We welcome

pupils and staff from over twenty countries around the world and they bring a wealth of cultural and diversity into Adcote. We are careful to maintain an equal balance of pupils from different parts of the globe. Our international students are fully integrated into School life and are made to feel very much part of the family. As a school we aim to offer an excellent academic education as well as access to a wide range of Music, Drama and Sport. We believe that Adcote offers its pupils the best possible opportunities to succeed.

## **Baltic Council for International Education**

*(Estonia, Latvia, Lithuania)*

[www.balticcouncil.org](http://www.balticcouncil.org)

*Participating in Lithuania, Latvia, Estonia*

Baltic Council for International Education was founded in 2004 with the aim to inform the population of the Baltic States about various education abroad opportunities for students and adults, as well as directors and specialists of enterprises and organisations. The organization has offices in Riga, Tallinn, Vilnius and Ventspils.

Baltic Council provides consultations about elementary and secondary school programmes in Great Britain, Switzerland, Austria, the USA and other countries; foreign language courses and camps all over the world; professional training programmes, as well as possibilities to enrol in higher education institutions. The professional consultants of Baltic Council will help you choose the educational institution and programme that fits you best, as well as guide you in the application process.

BCIE is the only examination centre in Latvia for such international exams and tests as IELTS, Cambridge English (Young Learner's, KET, PET, FCE, CAE, CPE, BEC, ILEC, TKT), ACCA, Open University and University of London External Exams. Besides, BCIE administers entrance tests for private schools and colleges abroad as well as provides the detailed information about the exams, dates and fees as well as the preparation courses.

In spring and autumn Baltic Council organises the largest education abroad specialized fair in the Baltic States "Days of International Education".

## **Bishop's Stortford College** *(Great Britain)*

[www.bishopsstortfordcollege.org](http://www.bishopsstortfordcollege.org)

*Participating in Latvia*

Education should be an exciting, uplifting and liberating experience, a process that unlocks a world of opportunity. It must give pupils a life-long appetite for knowledge and understanding, a curiosity about the world and a delight in it.

One of the leading independent co-educational school in the UK, Bishop's Stortford College is a wonderful place of learning; large enough to provide an exceptional range of opportunities for developing well-rounded, skilful and happy young people, yet small enough for your child to be known and valued.

As a day and boarding school for 4 –18 year olds, we can cater for boys and girls of different ages within the family and the individual needs of different families. We have the time, space, and above all, the commitment to discover and nurture the talent within your child

wherever his or her talents lie.

Confidence lies at the heart of successful learning. Small classes, an emphasis on individual needs and teachers who go that extra mile, ensures every pupil at Bishop's Stortford College, from Pre-Prep through to Sixth Form, receives the time and attention they need to develop the confidence and desire to learn for life.

Our love of life and learning enables pupils to grow into caring and confident people, equipped and ready for the adventures and opportunities life has to offer.

## **Clifton College** *(Great Britain)*

[www.cliftoncollegeuk.com](http://www.cliftoncollegeuk.com)

### ***Participating in Lithuania, Latvia, Estonia***

The three schools that form Clifton College are bound by a common purpose and a shared ethos but are separate and distinct schools each with its own character.

Located in what the poet Betjeman described as 'the handsomest suburb in Europe' each of the three schools share the same splendid surroundings, and each has the twin advantages of being close to the resources of a thriving modern city and yet to some spectacular countryside too.

And so what is the ethos that the three schools share? Wholeness is the key. Clifton College is a school in which all of the pupils are valued in all that they do and in every aspect of their intellectual, sporting and spiritual lives. We place great emphasis upon:

- teaching and learning, to help pupils explore their intellectual horizons and gain the highest results possible;
- outstanding pastoral care;
- implanting lasting social, moral and spiritual values.

During their time all pupils will discover something at which they shine and our aim is to enable them to develop themselves to the full and make a valuable contribution to the world in which they live. And we hope that they have great fun doing so too.

## **Concord College** *(Great Britain)*

[www.concordcollegeuk.com](http://www.concordcollegeuk.com)

*Participating in Lithuania, Latvia, Estonia*

Concord College is an international boarding school, set in a beautiful rural location in the heart of England and widely regarded as England's Premier International School. Founded in 1949 we have a safe, secure campus for students to live and study. Preparation for University courses include G.C.S.E. and 'A' level and cater for students from 13-19 years. Examination results are excellent, many of our graduates being offered places at the top 10 Universities.

Concord prides itself in the way strengths are developed and guidance is given to ensure students are prepared for the next stage in their lives.

Concord has a strong community of around 40 different nationalities, including 10% British students. An extensive enrichment programme provides plenty of opportunities for personal development.

Accommodation is on campus in mainly single rooms. All residences are WiFi enabled. In the summer months of July and August we use our beautiful campus and excellent facilities to run junior, intensive English and Science courses for students aged 9-17 years.

Glenalmond College is one of the UK's leading full boarding schools. Known as the Eton of the North, the school provides the perfect location for its 400 boys and girls to learn and grow. The school is located on a 300-acre countryside campus near the small city of Perth, just two hours from London via Edinburgh.

All pupils study for GCSEs and A-levels, with 24 subjects available at A-level. The teacher:pupil ratio is 1:7. Glenalmond has an excellent record of university success, with a good number of pupils each year going on to Oxford, Cambridge and the Russell Group universities.

85% of Glenalmond pupils are full 7-days-a-week boarders, and the school is as busy at weekends as it is during the week. 80% of pupils are British, with only 7% coming from outside the European Union.

There is also an extensive programme of creative, sporting, musical and adventure activities. The school has its own golf course and swimming pool, and wide range of sports available.

## **Global Horizons** *(USA)*

[www.globalhorizons-usa.com](http://www.globalhorizons-usa.com)

*Participating in Lithuania, Latvia*

Global Horizons USA is an international students' program whose mission is to foster educational and cultural student exchange between USA and other countries of the world. We are a small organization that offers personalized service to students, host families and schools both public and private including private boarding schools. We take a personalized approach in the process of selecting and placing each student who joins the Global Horizons USA program.

Our program duration ranges from one semester to several years at an American high school. The students and their families are free to choose between public, private and private boarding schools and the length of the program depending on their preference.

We are looking for students who possess a high level of "emotional intelligence" - great kids who are curious, open minded, friendly and adaptable - who have a positive attitude and an optimistic outlook towards the challenges of spending a school year abroad.

### ***Participating in Latvia***

Welcome to the future of engineering! Specialising in sensor technology at this advanced level will provide outstanding and rewarding career opportunities, in a wide variety of roles. The Bachelor Advanced Sensor Applications (ASA) is offered as a three or four year programme. It focuses on diverse areas of knowledge, such as electrical engineering, mathematics, natural sciences, computer science, human technology and professional skills. ASA is similar to an electrical engineering study programme, but offers a pioneering specialisation in the important area of sensor technology.

Sensor applications bring technology to life when they are integrated in the latest technical innovations. They are found in all sectors of society: industry, product design, healthcare, agriculture, astronomy, R&D etc. This means you will develop the tools to make a real and lasting difference to society. The ASA bachelor is developed and delivered with active participation from leading technology companies, such as Philips, Shell and ASTRON. You will not only learn about sensor technology, but you will also be trained in important professional skills, such as entrepreneurship, communication and presentation.

If you are looking for an inspiring, international, intercultural and ambitious study environment, ASA could be the perfect choice for you! Our institute boasts a dedicated faculty and state of the art facilities. ASA has also been awarded the status of 'Top Rated Programme' by the Dutch study guide Keuzegids.

### ***Participating in Lithuania, Latvia***

The philosophy at ISP is to **Inspire, Equip and Nurture** every pupil in preparation for a successful future.

At ISP, we ensure that each student we educate is treated as an individual, and that the teaching they receive is fully tailored to the way they learn. We will help your son or daughter to learn more about themselves, show them how to engage with others, encourage a

detailed understanding of the global community and its people, and the fast-developing world whose future they will help to shape.

Our International Schools will nurture every student by creating a truly welcoming environment – yet one which supports, challenges and excites them as they learn and develop into young adults.

Within our portfolio of Partnerships, we offer a **unique modular approach** enabling students to mix courses between our school locations. We can offer either individual or split destinations during a student's time at an ISP school spending time both in the UK and in Spain should they wish.

Our programmes are taught using the British Curriculum in English, and offer IGCSE, GCSE, A Level, International Foundation and Summer Schools. Come and meet our Directors from the UK and Spain who will be pleased to provide information on these new and exciting programmes.

St. Andrew's College Cambridge provides a distinctive co-educational environment for international and UK students aged 14 and above. We offer a wide range of GCSE, A-level and Foundation courses and our excellent 2014 A-level results have seen St. Andrew's rise to 162nd out of the 4,365 schools in the UK School and College Performance Tables. High quality teaching, learning and pastoral care as well as flexible English language support, are the key reasons for these outstanding results.

We aim to encourage independent learning, with a maximum class size of 8 where the differing needs of students are recognised and supported.

Our sister school Select English is a British Council accredited language school that offers quality English language courses throughout the year, as well as summer camps for children of all ages in and around Cambridge.

We care about our students and maintain small class sizes, one to one tutorials and other specialist help to ensure our students progress to reach their aims.

As a family run school, you can be sure you'll feel at home at St Andrew's and Select English.

## St Christopher School *(Great Britain)*

[www.stchris.co.uk](http://www.stchris.co.uk)

### *Participating in Lithuania, Latvia, Estonia*

At St Christopher School, we help children to become self-disciplined, self-motivated and creative thinkers and develop them as independent learners who are able to make informed choices. At St Chris we have high expectations of all within the School. We expect excellent behaviour and maximum effort. We also expect everyone to work together, to enjoy their time at School and have fun working hard.

We have been pioneering a distinctive and innovative approach to education for 100 years and our methods have stood the test of time. We believe - and universities and employers tell us - that it produces well-rounded, highly capable individuals with the skills and confidence to thrive in the modern world. We deliver a wide range of A-level and GCSE courses, with students going on the Oxbridge and the leading Russell Group universities.

When the School was first founded, in 1915, the Daily Herald newspaper reported that the School was based 'not on the sameness of children, their conformity to type, but on their differences.' This concept, like the fact that children can choose what they wish to wear to school and, that all are addressed by their first names was distinctive in 1915.

The University of West London draws on a heritage of over 140 years in teaching and professional education. First founded as the Lady Byron School in 1860, the institution as it exists today was originally formed from the merger of Ealing College of Higher Education, Thames Valley College of Higher Education, the London College of Music and Queen Charlotte's College of Health Care Studies.

The University of West London has a reputation for high-quality education closely linked to employment. We aim to inspire our students to become innovative professionals, connecting them to exciting and rewarding careers.

Based in the heart of one of the UK's most successful business regions, the University has highly qualified staff with a wealth of experience in their respective disciplines and strong connections to their industries.

Everything we do is designed to equip our students with both the academic knowledge and practical skills to succeed in their chosen careers. We are The Career University.

West London College has two specialist faculties; a school of Fashion & Fine Art and a School of Management.

The School of Fashion offers one year Foundation Diploma programmes in Fashion and in Fine Art. Both of these courses are designed to prepare students to enter three year university Bachelor's Degree programmes in a range of fashion and arts-based disciplines at top institutions such as the London College of Fashion.

The School of Management is the London Associate Campus of Heriot-Watt University and offers a range of management-focused postgraduate 18 month Master's Degree programmes, including a world-renowned MBA and MBA with Oil & Gas Management. Heriot-Watt University is one of the UK's top universities and is currently ranked 13th in the UK in the 2015 Guardian University Guide.

The campus has excellent facilities, is located in one of the very best parts of London (in the prestigious Mayfair/Marylebone districts) and has been fully accredited and inspected by the QAA. Potential applicants are invited to visit the campus for interview. Alternatively, email to [courses@westlondoncollege.com](mailto:courses@westlondoncollege.com)

## Wycliffe College (Great Britain)

*“The best thing about being a boarder is the community, it is very special and Wycliffe is a small school with a very big heart. I have made so many friends from England and further afield, we support each other through good times and bad and I know I have made friends for life.”* Liza, Year 11 student

### **Excellent academic standards**

Wycliffe has many years of experience in welcoming international students into its lively and thriving school community. Students are guided and supported so that they achieve academic excellence at GCSE and A Level. In fact, Wycliffe is among the top schools in England for helping pupils to exceed their potential (Value Added). Not only do pupils have the opportunity to gain excellent grades, they can choose from a wide range of subjects. For those considering GCSEs there are 22 subjects on offer and in the Sixth Form over 30 – ranging from the traditional subjects to the more specialist fields. Wycliffe is also the SAT test centre for American university preparation.

### **Outstanding boarding**

The accommodation at Wycliffe is impressive – facilities have been invested in considerably over the past few years. Each of the Houses now has its own kitchen, common room with television/dvd as well as wifi throughout. Pupils also receive an exceptionally high standard of pastoral care from the well qualified and experienced house staff.

Learning English, Preparation for A Levels, Take some key GCSEs

Some international pupils choose to join the Pre-A level Development Year programme (DY) at Wycliffe before embarking on the full two year A Level course. This is because they wish to improve their English and experience a range of subjects while living and working in a traditional British boarding school.

DY pupils study a broad range of subjects including English, Maths and the Sciences and many can take up to six GCSEs as well as a range of ESOL exams. During the year they also receive an introduction to some A level subjects, in preparation for Sixth Form. The DY students are part of all the House, sports, and social activities in which they can build friendships and improve their language skills. Included in the timetable, students benefit from expert tuition in English as a Second Language.

Wycliffe is a co-educational day and boarding school for pupils aged from 7 to 18 years.
