### LVS advantage

A Business Management course for sixth form students that will teach negotiation skills, conflict management, effective communication, strategic decision making, marketing and operations, giving students a competitive advantage as they move on from sixth form.

### Psychometric testing

Pupils take aptitude baseline tests which can advise likely outcomes at A Level and inform subject choices moving forward.

### LVS1 Enrichment programme

A range of extra-curricular optional activities and lectures, included in the fees.

### University and career counselling

To help students make appropriate choices for the future.
