

FAIR'S PARTICIPANTS

A British Exams Centre *(Latvia)*

www.balticcouncil.lv/lv/ielts Latvia

Participating in Latvia

BCIE is the official examination centre in Latvia for **IELTS** (International English Language Testing System), **Cambridge exams** (Cambridge English Language Assessment, Level A1- C2), **ACCA** (the Association of Chartered and Certified Accountants), **Admissions Testing Service**, University of London, Open University and many other exams of British universities and professional organisations. In 2016 BCIE became the official **APTIS** centre in Latvia. Aptis is the new British Council's computer-based test to assess in a fast, reliable and effective way English language skills in your organisation and results available in 48 hours.

IELTS is the most popular English language examination in the world, and every year it is taken by 2.5 million people. IELTS is recognised by 9000 higher education institutions in the world, as well as thousands of employers. IELTS results are available 13 days after the test date.

Cambridge English Language Assessment exams have been well known world-wide for over 100 years, and many higher education institutions recognise them as both entrance examinations and final exams. Employers rate these certificates highly as they evaluate the ability to use English in situations related to studies, work and recreation.

BCIE also offers Cambridge English Young **Learners** exams for children aged 7-12 (A1-A2). **ACCA** is the leading international accounting organisation that awards widely recognised international qualifications in the business sphere. ACCA qualification encompasses all entrepreneurial spheres – from financial statements, management accounting, corporate taxation and law to audits and business ethics.

The **Admission Testing Service** exams allow students to take entrance examinations for the best universities in Great Britain. These examinations are taken in order to apply for the programmes of medicine, philosophy, politics, economics, law, mathematics and others.

Abbey DLD Group of Colleges *(Great Britain)*

www.abbeycolleges.co.uk

Participating in Estonia, Latvia, Lithuania

The UK has an international reputation for the quality of its education system. Qualifications offered by British schools, colleges and universities are recognised globally as hallmarks of excellence and distinction. The benefits of studying in the UK reach far beyond qualifications and certificates, however. English is the international language of business and becoming fluent is one of the most important skills any ambitious student can develop.

Studying at an Abbey DLD College can provide you with an unrivalled opportunity to gain entry to some of the best universities in the UK, improve your English and make the

best start to your career. Many hundreds of international students come to the UK every year to study with us, because they are ambitious and they want to succeed.

Join us on an exciting journey in which we will support you, challenge you and encourage you to realise your personal and professional ambitions.

Each of our three colleges in Cambridge, Manchester and London offers a tailored education designed to launch students on a successful and prosperous future, including entry to the UK's most prestigious universities.

Our courses include GCSEs (from 14 years), A Levels in over 30 subjects and international Foundation Programmes (from 17 years).

We work with students to help them gain entry to their chosen university and position students to take on the world of employment with the first class reputation of Abbey DLD Colleges behind them.

Why chose us?

University Progression

Our tailored teaching in small class sizes, our personal care and our support throughout the University application process leads our students to strong exam results and top University offers. In 2016, 52% of our international students achieved A*-A grades in their A levels leading to top universities and programmes of study.

Skills To Succeed In Your Career

Learning how to think critically, analyse astutely and present effectively will prepare you for success in a competitive world. We will help you find your preferred learning style and tailor our teaching through one-to-one tutor groups and supervised self-study programmes. We develop independent learners today for career success tomorrow.

Outstanding Facilities In World Class Locations

The location of our three colleges in Cambridge, London and Manchester is designed to offer a superior cultural experience in close proximity to the world's best Universities and global businesses. Abbey DLD facilities and premises offer huge advantages, whichever college you choose. We have over 500 en-suite boarding rooms many located on college site with state of the art facilities, 24 hour security and live-in house parents as well as high speed internet access. An experienced network of vetted host families for students preferring a family setting.

Our colleges

Abbey College Cambridge

The College opened in 1994 and its success has seen it grow and expand culminating a move in 2016 to new, purpose-built premises. Abbey College Cambridge students come from a variety of international backgrounds and most progress to the top Universities in the UK, including Cambridge, Oxford, Imperial and the London School of Economics (LSE).

Abbey College Cambridge has forged strong links with Cambridge University and offers students visits to the University's colleges and departments with potential internships at the University laboratories. Our 2016 A level results continue to reflect the college as one of the very best independent colleges in the UK. In 2016, 29% of all our A level results were awarded A*, and our A*-A pass rate was 60%.

Our college has been rated as 'Outstanding' by Ofsted in all areas of our teaching and

boarding provision. To help even more students achieve their ambitions our college is located on a truly outstanding modern campus in Central Cambridge.

Our new campus has been designed by our staff and purpose built to perfectly fit the learning and boarding needs of our students.

Our campus includes:

- 120 en-suite bedrooms with full board, and a further 130 rooms within a minute's walk
- Common rooms and social areas
- 42 fully equipped classrooms
- 12 state-of-the-art Science laboratories
- 2 libraries
- Art studio (allowing us to offer GCSE and A level Art courses)
- 2 dedicated music studios
- Dining Hall serving all student meals
- Coffee bar
- Gym
- Basketball court
- Assembly and sports hall
- On site security and CCTV
- Secure bike storage

Abbey College Manchester

Abbey College Manchester has been providing A Level and GCSE education since 1990. The College has three major faculties: Sciences & Mathematics, Arts & Humanities and Languages & International Studies. It offers over 40 A Level courses and excellent International Foundation Programmes. Popular courses include: Science, Engineering, Photography and Art and also the Medical Pathway Foundation Programme offering direct entry to University of Central Lancashire Academic English is also a popular choice. Our contemporary building boasts superb facilities including:

- 25 classrooms
- Three modern science laboratories
- Computer suite
- Art studio

DLD College London

Our oldest College was established in 1931, moving in 2015 to brand new, purpose built facilities in the centre of London, looking over the River Thames, Houses of Parliament and Big Ben. With bright, state of the art teaching facilities and secure, on-site student accommodation, all in the centre of the amazing, historic and vibrant city of London, DLD College London is a unique college campus. Students come from Britain and all over the world to study our wide range of subjects.

Our London college offers stand out facilities including:

- 220 secure, en-suite student bedrooms on site
- Restaurant facilities on-site, including a Starbucks franchise
- 6 high specification laboratories
- Nearly 40 tutorial rooms
- Open plan library, study and ICT facilities

- Swimming pool, sauna and fully equipped fitness studio
- A creative arts and media faculty featuring art rooms, photography, drama, music and media

Abbotsholme School *(Great Britain)*

www.abbotsholme.co.uk

Participating in Latvia

Abbotsholme is a day and boarding school for girls and boys aged 3-18, providing a progressive education for today's world. We develop enquiring minds and independent thinkers through respect, honesty, humility, integrity and courage. We believe in an education for life.

It is a wonderful place in which to learn and develop, with pupils leaving Abbotsholme confident, independent and adaptable. Abbotsholme develops pupils' learning with a wide curriculum in deliberately small classes, as well as life skills lessons, and an endless variety of outdoor education activities.

Sixth Form pupils have a dedicated sixth form centre to encourage independent learning in a wide range of subjects at A Level, as well as a log cabin village for our boarders.

Overseas pupils at Abbotsholme can do IGCSEs and GCSEs, and Pre A Level (three year) courses and A Levels. All pupils staying on in the UK for university achieve their desired place and course. Overseas pupils receive as much or as little English as an Additional Language (EAL) as they need.

We have outstanding facilities including a brand new synthetic sports pitch, indoor climbing centre, BHS approved equestrian centre, theatre, music centre, electric car workshop, and 70 acre working farm.

Academic Summer *(Great Britain)*

www.academicsummer.co.uk

Participating in Estonia, Latvia, Lithuania

Academic Summer offers you quality Prep School, GCSEs, IB and A-level preparation and revision courses in July and August. We welcome British and international students aged 7 to 18 and we follow a Content and Language Integrated Learning (CLIL) approach. In 2017 Academic Summer is located at DLD College in central London and Sidcot School near Bristol. You will experience a demanding and varied academic programme with us in the summer.

Lessons integrate theory and practice. If you are a scientist, you will find yourself doing practical experiments in the laboratories; if you choose Design and Technology, you will complete a practical project in the workshops.

If you are aged 15 to 18 you will choose your subjects and you will also be able to choose specialist weeks to help you prepare for medicine, Oxbridge, IELTS, SAT or Academic Sports programme.

If you are aged 13 to 14, you will explore the broad curriculum of the IGCSE and cover a wide range of academic subjects. Academic Juniors is for students age 7 to 12 and offers a

full curriculum of subjects taught by primary specialists.

Academic Summer offers a structured and balanced leisure programme designed for you. This includes sports, activities, student-led charity events, cultural visits and trips to complement the academic programme and to encourage social interaction in English. You will be encouraged to learn new skills, work in a team and aim for your Personal Best. We can offer your parents and grandparents the opportunity to study with us in the summer at DLD, London. Academic Adults is for adults age 25 plus and we offer 15 hours of lessons and the option to book one-to-one lessons as well.

American Hebrew Academy (USA)

www.americanhebrewacademy.org

Participating in Estonia, Latvia, Lithuania

The American Hebrew Academy is the only International Jewish College Prep Boarding School in the world. The Academy provides a rigorous academic program combined with a curriculum that embraces the values, customs, history, culture and practices of the Jewish people together with an emphasis on the arts, athletics and community service. The Academy is a co-educational school that welcomes students of all Jewish backgrounds. Forty-five percent of the student body are international students who have come from 35 countries outside of the U.S. The Academy is situated on a stunning 100 acre lakefront campus with state of the art facilities constructed of Jerusalem stone and a unique classroom environment that fosters the Socratic teaching methodology. Graduates are regularly admitted to prestigious colleges and universities in the United States and around the world. The Academy offers specialized programs in English for international students and complete preparation and support for admission to U.S. universities. Students age 14-19 may study at the Academy for a minimum of one year up to four years. A post high school “gap” year program is also available for students who have completed high school and wish to further their academic preparation prior to entering university. In September, 2016, the American Hebrew Academy will celebrate its 15th anniversary and the second consecutive year of record growth in enrollment.

Badminton School (Great Britain)

www.badminton.school.co.uk

Participating in Estonia, Latvia, Lithuania

Badminton School is an independent boarding and day school for girls aged 3 – 18 located on a secure campus on the outskirts of the university city of Bristol in the South West of England. The School take a holistic approach to education and has inspirational teaching, a friendly atmosphere and a strong emphasis on pastoral care. Badminton consistently achieves impressive academic results and is one of the top girls’ schools in the UK. We have a 100% pass rate at A Level and consistently high grades enables our girls to attend a wealth of top class Universities and Music Conservatoires across the world. Girls are encouraged to develop as individuals, to pursue their own interests and achieve their goals both in academic and extra-curricular activities, and not to be afraid of a challenge. Type: Girls only

Age: 3 – 18 (Boarding from 9 - 18)

Number of pupils: 450 (from age 3 – 18)

Number of boarders: 190 (across three boarding houses). Short term boarding is available.

Contact us for more information: admissions@badmintonschool.co.uk.

Baltic Council for International Education

(Estonia, Latvia, Lithuania)

www.balticcouncil.org

Participating in Estonia, Latvia, Lithuania

Baltic Council for International Education was founded in 2004 with the aim to inform the population of the Baltic States about various education abroad opportunities for students and adults, as well as directors and specialists of enterprises and organisations. The organization has offices in Riga, Tallinn, Vilnius and Ventspils.

Baltic Council provides consultations about elementary and secondary school programmes in Great Britain, Switzerland, Austria, the USA and other countries; foreign language courses and camps all over the world; professional training programmes, as well as possibilities to enrol in higher education institutions. The professional consultants of Baltic Council will help you choose the educational institution and programme that fits you best, as well as guide you in the application process.

BCIE is the only examination centre in Latvia for such international exams and tests as IELTS, Cambridge English (Young Learner's, KET, PET, FCE, CAE, CPE, BEC, ILEC, TKT), ACCA, Aptis, Open University and University of London External Exams, as well as UCAS information centre offering university placement services in Lithuania, Latvia and Estonia. Besides, BCIE administers entrance tests for private schools and colleges abroad as well as provides the detailed information about the exams, dates and fees as well as the preparation courses.

In spring and autumn Baltic Council organises the largest Baltic education abroad fair "Days of International Education".

BI Norwegian Business School *(Norway)*

www.bi.no

Participating in Estonia, Latvia, Lithuania

As a leading European business school, BI Norwegian Business School (BI) is among the top 1% of business schools worldwide to achieve triple accreditation status. Highly ranked business faculty share research expertise with more than 21,000 students – including 1800 international students from over 80 countries -making BI the 2nd largest

business school in Europe. With more than 200 partner institutions worldwide, BI fosters international perspectives and intercultural skill development by providing students with exchange opportunities to enhance their study programme and by welcoming exchange students to BI.

BI's innovative curriculum is designed for students to learn by applying theory to real-world situations and cases. Our Career Services supports career advancement and facilitates internships to foster the development of employability skills. BI delivers challenging and rewarding study programmes at the bachelor's, master's and PhD levels which prepare students to succeed in today's, and tomorrow's, global business community.

Bishop's Stortford College *(Great Britain)*

www.bishopsstortfordcollege.org

Participating in Latvia

Education should be an exciting, uplifting and liberating experience, a process that unlocks a world of opportunity. It must give pupils a life-long appetite for knowledge and understanding, a curiosity about the world and a delight in it.

One of the leading independent co-educational schools in the UK, Bishop's Stortford College is a wonderful place of learning; large enough to provide an exceptional range of opportunities for developing well-rounded, skilful and happy young people, yet small enough for your child to be known and valued.

As a day and boarding school for 4 –18 year olds, we can cater for boys and girls of different ages within the family and the individual needs of different families. We have the time, space, and above all, the commitment to discover and nurture the talent within your child wherever his or her talents lie.

Confidence lies at the heart of successful learning. Small classes, an emphasis on individual needs and teachers who go that extra mile, ensures every pupil at Bishop's Stortford College, from Pre-Prep through to Sixth Form, receives the time and attention they need to develop the confidence and desire to learn for life.

Our love of life and learning enables pupils to grow into caring and confident people, equipped and ready for the adventures and opportunities life has to offer.

Bocconi University *(Italy)*

www.unibocconi.eu

Participating in Latvia, Lithuania

Università Bocconi, founded in 1902, is an independent institution committed to being one of the leading academic points of reference in Europe. Bocconi has always adhered to the ideas and principles of its founder, businessman Ferdinando Bocconi: the spirit of innovation, attention to the real world, intellectual freedom and research, in a national and international environment.

Bocconi offers 4 Bachelor programs entirely taught in English in the areas of Economics, Management, Finance and Political Sciences:

Bachelor in International Economics and Management

Bachelor in International Economics and Finance
Bachelor in International Politics and Governance
Economics, Management and Computer Science
Economics and Management for Art, Culture and Communication
World Bachelor in Business in collaboration with USC- Marshall School of Business and HKUST.

Bosworth Independent College *(Great Britain)*

www.bosworthcollege.com

Participating in Latvia, Lithuania

Bosworth is an international boarding college centrally located in the heart of England and Princess Diana's home-town Northampton which is one hour by train from London. We have been providing high quality boarding education for almost forty years.

The academic programmes we offer are aimed at ages 14-19 years and we can ensure a customised timetable is in place for each student. The College has a cosmopolitan community of British, European and international students, with a positive attitude towards their education, a well-structured but friendly atmosphere and a comfortable learning environment.

- Oxbridge and Medical preparation programme for A-level students
- Daily timetable 08.30 – 17.50
- Language courses combined with some aspect of academic learning
- Scholarship opportunities

Courses:

GCSE, A-Levels, University Foundation, BTEC Business, High School Experience, English Language study and Summer School.

Brockwood Park School *(Great Britain)*

www.brockwood.org.uk

Participating in Estonia, Latvia, Lithuania

Situated on a picturesque 40 acre estate in Hampshire, UK, Brockwood Park School (est.1969) is a co-educational residential school with 65 students aged 14-19, from 25 countries. The School is unique in Europe adopting an educational approach founded by world-renowned educational philosopher, Jiddu Krishnamurti. The core intention is to bring about responsible, self-reflective individuals who have a global outlook on life. We support a highly individualised programme built around the needs and initiatives of every student and the curriculum supports the development of independent projects and

portfolios; interdisciplinary topic courses; foundation courses; and exam courses (AS & A-levels).

The Good Schools Guide refers to Brockwood Park School as “Uplifting and unique”. Here you will find a prevailing atmosphere of freedom, order and inquiry, the outcome of its unique characteristics and intentions. It is the only international, secondary, boarding school in Europe which has an alternative curriculum concerned with inquiry based, self-directed learning with clear benefits for its students. The Independent Schools Inspectorate in March 2016 concluded that Brockwood pupils “...take responsibility for their own learning, excel in their academic studies, explore the freedoms and responsibilities in society and appreciate the natural world in which they live.”

Brooke House College *(Great Britain)*

www.brookehousecollege.co.uk

Participating in Estonia, Latvia, Lithuania

Brooke House is an independent, co-educational boarding college in the small, historic town of Market Harborough. It specialises in preparing students from all over the world for entry to university in UK. The College is an hour by train from London. There is a maximum of twelve students in a class and an overall college capacity for 250 students. A wide range of A-levels are offered over two-year and five-term courses. One year and two year GCSE courses are provided in up to eight subjects. The college offers a one-year University Foundation Course and a one year Intensive English Language Course. EFL provision is included in the fees for those students for whom English is not the first language. The Brooke House College Football Academy, opened in 2008, caters for 55 excellent footballers from around the world. FA students train every afternoon and fulfil an academic timetable in the mornings. Students take part in competitive fixtures every week and the best are sent to train with professional English clubs. Brooke House also runs a British Council Accredited summer school for 10 to 17 year olds in July and August.

Calgary Board of Education *(Canada)*

www.cbe.ab.ca

Participating in Estonia, Latvia, Lithuania

The Calgary Board of Education (CBE) is the largest public school district in Western Canada, with 225 schools, serving 115,000 students.

The CBE follows the Alberta Government's Program of Studies. All schools in the province of Alberta must follow this curriculum. Students who successfully complete high school courses are eligible to receive credits toward an Alberta High School Diploma.

The CBE offers a wide range of program choices. In addition to academic courses, all students take a range of options to ensure a well-rounded education. An international student coordinator works with students to provide a customized timetable based on their goals, needs and interests.

Full English Language Learner support is provided for international students at no additional charge.

International students are encouraged to get involved in extra-curricular activities. This

is a great way to meet Canadian friends.

Cambridge International School *(Great Britain)*

www.cambridgeinternationalschool.co.uk

Participating in Latvia, Lithuania

In cooperation with the Baltic Council for International Education, we are proud to be introducing The Cambridge International School, new to families in the Baltics.

Since 2006, Cambridge International School (CIS) has been providing a very happy and safe environment for International students. The school is proud of the excellent GCSE results students achieved in 2016: 47% A*/A grades with an incredible 70% A grade in GCSE Mathematics.

In September 2016, CIS opened a new Sixth Form Centre, CI6, with a strong emphasis in developing students' soft and practical skills, alongside an inspiring and nurturing academic environment for studying A-Levels.

CIS remains the first choice of school in both primary and secondary age groups for families relocating, due to our flexibility and our strength in catering for young, independent, international students.

The school runs three teaching sites in Cambridge: Cherry Hinton Hall for primary, The Temple for secondary & Innes House for the Sixth Form.

Come to our table here at the exhibition and find out more about studying in an exciting, small and dynamic school. You too could be amongst the other 350 students from over 30 countries, speaking 27 different languages in our school in Cambridge.

Cambridge Tutors College

www.ctc.ac.uk

Participating in Estonia, Latvia, Lithuania

Founded in 1958, Cambridge Tutors College is a highly academic international independent sixth form college based in London. Since opening its doors, the college has tutored hundreds of students to study at the top universities in the UK including Oxford, Cambridge, UCL, LSE and Imperial.

Since 2000, 81% of all A-Level grades have been A*-B – demonstrating the quality of education available at CTC through its highly-qualified and respected body of Tutors. Students are expected to fully commit to their studies and are supported through the UCAS process to ensure they receive offers from their first-choice universities.

The College provides an adult focused learning environment through its tutor-style teaching. An average class size of six ensures each student receives maximum support from their specialist subject tutors in lessons and via weekly one-to-one appointments. The CTC extra-curricular program also enables further development of a student's academic English and subject knowledge.

A challenging curriculum awaits A-Level students upon arrival, but the flexible learning environment at CTC London offers a two-year and 18 months A-Level programme, a pre sixth form GCSE course and a pre sixth form English Language Preparation course with

specific subject study opportunities.

CTC London offers both homestay and boarding options for its international students. Homestay students have the opportunity to live with a carefully chosen local family providing them with a safe, secure environment whilst studying at the college. The new boarding provision, for up to 50 students, is just a short walk from the College campus offering high quality accommodation with all rooms benefitting from en-suite facilities. CTC London is just twenty minutes from the vibrant, cultural and historical city of London - offering students the opportunity to experience one of the most vibrant, cultural and historical cities in the world. With mainline stations into central London just five minutes' walk away, and convenient access to both Heathrow and Gatwick airports, CLC London is ideally positioned to provide its student base with a complete educational experience – with a primary focus on securing entry to leading universities.

Cardiff Sixth Form College *(Great Britain)*

www.ccoex.com

Participating in Estonia, Latvia, Lithuania

With a reputation for outstanding educational achievement, excellent facilities and enriching extra-curricular activities, Cardiff Sixth Form College focuses on individual care and inspires students to make the most of their unique talents.

Cardiff Sixth Form College is recognised as a top A level provider in the UK. In 2015, CSFC was ranked top of the A level League Tables by Results for the third year in a row, cited in The Times and Daily Telegraph, achieving 58% A*, 95 per cent A*-A grades. Students are able to benefit from experienced teachers, many of whom have Examiner/Chief Examiner experience in the UK.

CSFC has enjoyed exceptional success in placing its students on high-demand courses of their choice, such as medicine, dentistry and veterinary science. Our students have also had considerable success in gaining places to study other high-demand courses, such as economics, law and engineering. Successful applications have been submitted to the most prestigious universities in the UK, including Oxford and Cambridge. In 2015, 15 students gained entry to Oxbridge, 52 to medical school and 50 to UCL, LSE or Imperial College. In 2015, 21 students have received offers from Oxbridge colleges. In 2016, 21 students have received offers from Cambridge University.

Located in the vibrant city of Cardiff, our college prides itself on the fact that our students form strong bonds with each other whilst being encouraged to participate in a wide variety of extra-curricular activities in a friendly environment. Our aim is to prepare students for a well-balanced, modern life.

Chichester College *(Great Britain)*

www.chichester.ac.uk

Participating in Estonia, Latvia, Lithuania

Chichester College has an excellent reputation both nationally and internationally. Over 2,500 international and European students choose to study in the UK at Chichester College each year. The International Department at Chichester College is accredited by both

English UK and the British Council for the Teaching of English. The beautiful historic city of Chichester is in an Area of Outstanding Natural Beauty near the south coast. The city has Chichester Harbour to the south and the rolling hills of the South Downs National Park to the north. It is a brilliant location for the College in the UK and one of the safest areas in the country, which makes it a wonderful place to learn and live. Chichester College's International courses and programmes have a diverse student body with students from over 60 countries. Students also have the opportunity to mix with local British students. In addition to the quality teaching at Chichester College, students will have the chance to enjoy a full and varied student life while in the UK. We want students to have an excellent experience whilst they are here and that does not just mean a good learning experience!

Claremont School *(Great Britain)*

www.claremontschool.co.uk

Participating in Latvia

Formed 90 years ago, Claremont School has day pupils from the age of 12 months to 18 years and boarders from age 11. Our boarding capacity is just 50 and so with a total school population of 600 pupils, Claremont remains very much an English school.

Claremont School is located near the historic town of Battle, yet is just 1 hour 40 minutes from central London by direct train. The closest airports are London Gatwick and London Heathrow and the school can arrange transfers to and from these and other entry points.

Claremont School is academically ambitious, with its 2016 GCSE performance outstripping the fantastic 2015 results and placing the school on a par with the best selective schools in the south of England:

- 94% of all Year 11 pupils achieved A*-C grades, including English and Mathematics
- An astonishing 46% of all grades were A*/A
- Nearly half of all students achieved five or more A*/A grades
- 76% were A*-B

2016 also saw our first ever set of A Level results from our Senior School, which was opened in 2011:

- 21 out of 28 students accepted by their first choice university
- 99% overall pass rate
- 1-in-5 grades A* /A
- 76% A*-C
- 100% A grades in Physics

In 2016 Claremont Prep School and Senior School were inspected by the UK Government's Ofsted authority, the body which inspects all schools. The resulting report classified both schools as 'Outstanding' in all areas, a status that cannot be bettered. This is a remarkable achievement and a ringing endorsement of the way in which the school is managed. The full report can be seen here: <http://www.claremontschool.co.uk/wp-content/uploads/2015/12/Claremont-School-10017315-PDF-Final.pdf>

Clifton College *(Great Britain)*

www.cliftoncollege.com

Participating in Estonia, Latvia, Lithuania

Clifton College was founded and led in 1862 by Revd. John Percival, a visionary intellectual Head Master who believed in science, the education of women and racial tolerance. His curriculum and activities outside the classroom developed young people who were confident without arrogance and had a sense of responsibility for others; characteristics which remain today. This is achieved through high quality teachers who have excellent relationships with their pupils and is underpinned through continuous investment in the all-round education of pupils.

Today we continue to offer a tailored, all-round education for each child that is delivered through:

- exceptional pastoral care
- inspirational teaching
- diverse and targeted co-curricular activities
- excellent facilities

Exceptional pastoral care

From 8-18 pastoral care is House based where Housemasters and Housemistresses and their teams offer a 'home from home'. Our Pre-Prep pupils' pastoral care is provided by their dedicated classroom teachers. We meet the needs of each child through their own personal development programme. We have a culture that encourages participation and tolerance.

Inspirational teaching

We provide a rigorous and stimulating academic curriculum and we select teachers that lead in their field and share best practice. They encourage intellectual curiosity and independent learning, engendering academic self-belief and confidence in our pupils.

Diverse and targeted co-curricular activities

Our ethos encourages participation and all of our pupils engage with a diverse range of co-curricular activities and experiences. Through these activities we provide opportunities and challenges for pupils to find new strengths and talents and encourage collaboration. In all our activities we seek to perform at the highest level.

Excellent facilities

The College successfully combines heritage with modernity, enjoying the best of both. Landscaped greenery surrounds our magnificent Grade II listed buildings which are on the outskirts of a vibrant international city. The Chapel is one of our most cherished buildings and the Redgrave is the second largest theatre in Bristol. Our superb sporting facilities include The Close and the 90 acre site known as 'Beggar's Bush' which is Bristol's biggest outdoor sports complex providing all the latest sporting facilities.

Columbia International College *(Canada)*

www.cic-totalcare.com

Participating in Estonia, Latvia, Lithuania

Canada's Largest Boarding School

Since 1979, under our unique Total Care Education System®, Columbia International College has offered peace of mind for parents and success for students. Columbia currently welcomes 1800 students from 73 countries and has a faculty of over 450 teachers and support staff, and proudly bears the status of Canada's largest and most successful boarding school.

Total Care Education System®

Total Care Education® fosters the whole child by providing:

- Exceptional academic instruction in:
 - **Junior Middle School** (Grades 7 - 8)
 - **Senior High School** (Grades 9 -12)
 - **Fast track Pre-University program**
- Classes that cultivate critical thinking, analytical skills, and cooperation with others
- **Global Citizen program** that emphasizes **Character Development**
- **Leadership Development program** at the Bark Lake Leadership Centre, our privately owned 700 acre (283 hectare) facility

Residence program in all five school residences (separated for boys and girls) offers:

- Tutorial and homework assistance
- Weekday and weekend programming
- Age-tailored routines to independence

#1 in Admissions to Top Universities and Enrollment Scholarships

According to university reports, more Columbia graduates are accepted to the University of Waterloo and the University of Toronto than any other school worldwide. In 2016, \$3.7 million (CAD) in university admission scholarships were awarded to Columbia graduates.

Concord College *(Great Britain)*

www.concordcollegeuk.com

Participating in Estonia, Latvia, Lithuania

Concord College is an international boarding school, set in a beautiful rural location in the heart of England and widely regarded as England's Premier International School. Founded in 1949 we have a safe, secure campus for students to live and study. Preparation for University courses include G.C.S.E. and 'A' level and cater for students from 13-19 years. Examination results are excellent, many of our graduates being offered places at the top 10 Universities.

Concord prides itself in the way strengths are developed and guidance is given to ensure students are prepared for the next stage in their lives.

Concord has a strong community of around 40 different nationalities, including 10% British students during main term. An extensive enrichment programme provides plenty of opportunities for personal development.

Accommodation is on campus in mainly single rooms. All residences are WiFi enabled.

In the summer months of July and August we use our beautiful campus and excellent facilities to run junior, intensive English, Science, Maths and Economics courses for students aged 10-17 years.

New for 2017 there will be the addition of an Oxbridge preparation programme, designed to support ambitious and gifted students, aged 15-18, who are preparing to apply for Oxbridge and other top UK universities.

Coventry University *(Great Britain)*

www.coventry.ac.uk

Participating in Estonia, Latvia, Lithuania

Coventry University has just completed one of its most successful years to date, winning an array of accolades and awards throughout the year, an impressive growth of international students and brand new facilities to add to our already exciting campus.

Maintaining its position as Modern University of the Year 2016 for the third consecutive year, we also proudly retained our ranking of 15th in the UK, as well as an award from Queen Elizabeth II for our internationalisation ('Queen's Award for Enterprise award').

The Times Higher Education ranked Coventry University 23rd in the UK in their 'Table of Tables' ranking – a system which is based on the combined results of the UK's three main domestic university rankings and were also awarded 'University of the Year 2015' in their annual university awards ceremony in December 2015.

Coventry University has over 27,000 students with over 8000 of these being international students from over 140 countries. Coventry University offers a range of over 280 courses across four separate faculties; Faculty of Engineering, Environment and Computing, Faculty of Business and Law, Faculty of Health and Life Sciences and the Faculty of Arts and Humanities.

With world leading lecturers and renowned teaching it is understandable why Coventry has achieved No. 1 UK University ranking for student experience and No. 2 in the UK for quality of teaching. Students at Coventry are also provided with free additional facilities such as 'The Centre of Academic Writing' and the 'SIGMA Maths Support Centre' to help and support students during their time on campus. With Coventry having just over 100 Sports and Societies and a 3D cinema on campus, there are plenty of extra-curricular activities for Students to get involved in.

Earlscliffe *(Great Britain)*

www.earlscliffe.co.uk

Participating in Latvia

Earlscliffe is a small, independent sixth form boarding college in Folkestone, on the Kent coast yet only 50 minutes by direct train to central London. We are based a short walk from the town centre and railway station and consist of six large Victorian buildings, with our Shorncliffe Road centre having been an educational institution since 1923. We offer twin or single en-suite rooms. Our students are aiming to enter Russell Group universities. The school Director, Tim Fish, personally gives 1:1 UCAS counselling, and help with the Personal Statement. The average class size is 9; we deliver nine lessons per week in each main A level subject and we give tests in each subject every week (TRaC testing). We teach traditional or 'facilitating' subjects at A level, and all our students also com-

plete the highly-regarded Extended Project Qualification (EPQ). We also offer a one year GCSE course offering six academic subjects and extra English language. We do offer a one year pre-university English for Academic Purposes course and a one year fast-track GCE A level (UK Year 13) programme.

Our SCS programme (Sports, Culture and Service) offers students a wide range of opportunities from debating to visiting the United Nations in New York City; from photography to college concerts; from volunteering in a bird sanctuary to fund-raising for a local children's cancer care charity, and from competing on the football team to playing chess. Fees for 2017-18 are £10880 per term, for tuition and full board.

In 'The Telegraph Top 100 Schools by A-level Results' (Jan 2015): Earlscliffe is ranked at n° 38 out of 4303 schools.

Ramin Ahmari won a full academic scholarship to Stanford University in 2014 as a Neuroscience major. Zaw Phyoo won a full academic scholarship to Queen's University, Belfast in 2015 to study Chemical Engineering. Parsa Pirhadi won a partial scholarship to Sheffield University in 2015 to study Biomedical Sciences.

2014-16 University destinations include: University College, London; Durham University; Imperial College, London; Exeter University; Queen Mary, University of London; Royal Holloway, University of London; University of East Anglia; Lancaster University; University of Edinburgh; University of Glasgow; City University, London; University of St Andrew's; Brunel University; University of Nottingham; University of Sheffield; University of Leeds; University of Essex; University of Surrey; University of Kent; University of Birmingham; and University of Portsmouth.

Edge Hill University *(Great Britain)*

www.edgehill.ac.uk

Participating in Lithuania

Edge Hill University is proud to be named University of the Year in 2014/15 (Times Higher Education Awards). Located in the North West of England between the vibrant cities of Liverpool and Manchester and having over 16,000 students we are a leading campus university with a strong focus on employability (95.3%) and student satisfaction (top university in the North West of England for student satisfaction by National Student Survey 2014). We performed strongly in the national Research Excellence Framework 2014 with all subject areas featuring 'internationally excellent' or 'world-leading' research.

Our award-winning, green, spacious 160-acre campus is one of the safest campuses in the UK. Areas of study include: Advertising, Marketing and Public Relations; Animation; Biosciences; Business, Management and Accountancy; Children and Young People; Computing, IT and Web Development; Creative Writing; English; Film and Television; Geography, Geology and Environmental Science; History; Law and Criminology; Media; Music; Nursing, Health and Social Care; Performing Arts; Psychology; Social Sciences; Social Work; Sport and Physical Activity; Teacher Training; Theatre Design.

Edge Hill University reflects almost 130 years of history and innovation with over £250 million invested in campus developments in the last decade including a new Creative Edge building, Arts Centre, Biosciences/Geosciences facilities and laboratories, Student

Hub, Accommodation facilities as well as a new Sports Complex. Combined with exceptional teaching excellence you are sure to have an outstanding student experience.

Finnish Network for International Programmes

FINNIPS *(Finland)*

www.finnips.fi

Participating in Estonia, Latvia

FINNIPS network is formed by 17 Universities of Applied Sciences (UAS) located in different cities around Finland. These UASs offer over 40 English-taught Bachelors' Degree Programmes in eight fields of study! There are no tuition fees for EU/EEA students.

- Apply to Finnish UAS Degree Programmes through the Finnish national joint application system at www.studyinfo.fi between 10 and 25 January 2017
- After applying for admission according to the set procedures, all eligible applicants will be invited to take part in entrance examinations in April 2017
- More information about the entrance examinations can be found on the network's website at www.finnips.fi

Fontys University of Applied Sciences *(The Netherlands)*

www.fontys.edu

Participating in Latvia, Lithuania

Fontys is a leading University of Applied Sciences in the Netherlands offering university education in the fields of ICT, management, economics, engineering and logistics. The bachelor programs Fontys offers in English are the following:

Bachelor programmes

- International Business and Management Studies
- International Business Economics
- International Marketing
- International Fresh Business Management
- Industrial Engineering & Management
- ICT & Software Engineering
- ICT & Business
- ICT & Technology
- Logistics Management/Engineering
- Business Informatics
- Electrical & Electronic Engineering
- Mechanical Engineering
- Mechatronics Engineering

The Business and Logistics Management/Engineering (also offered in Eindhoven) programs are provided in the city of Venlo. This city with approximately 100.000 inhabitants, is only 5 minutes from the German border, and 40 minutes from the Belgian border, making the university a place with students from different nationalities. The business programmes provided in the city of Venlo have a unique facet within the second year.

Students of these programmes take part in the Mini Company. The Mini Company is a one year real life run project, in which groups of students build their own company. Within the Logistics Management Engineering programme a great number of projects take place at companies in the region. Important to notice is that Venlo is THE logistical hotspot within the Netherlands, making it very interesting to study Logistics in this region.

In Eindhoven, also named the Brainport region, the ICT and Engineering programmes and International Business and Management Studies (also offered in Venlo) are offered. Eindhoven counts approximately 200.000 inhabitants and is also known as the city of lights (Philips was grounded here). Fontys Eindhoven Engineering and ICT programs are highly practically orientated. During your program, you will complete 2 internships in which you must prove that you can adequately analyse, tackle and solve problems.

Usually, the lecturers at Fontys are not “typical” teachers - they are business people. Many have worked for big companies before they started working at the university. As Fontys has contacts with over 500 companies worldwide, many students do an internship in world famous companies. Thus, Fontys offers great opportunities to gain both theoretical and practical knowledge prior to entering the real business world.

Both campuses support our international students in finding an accommodation. These accommodations are usually shared with 3 other students. However, each student has his/her own bedroom. In addition, sport activities are facilitated for students. In Eindhoven students receive a discount on visiting the Sport Centre. In Venlo the Fontys Venlo Sports’ Team arranges different activities for its student body.

Besides the above mentioned bachelor programmes, Fontys offers some Master programmes too.

To finish off, Fontys offers students after graduation a career in one of the world’s strongest economic regions.

Global Horizons (USA)

www.globalhorizons-usa.com

Participating in Latvia, Lithuania

Global Horizons USA is an international students’ program whose mission is to foster educational and cultural student exchange between USA and other countries of the world. We are a small organization that offers personalized service to students, host families and schools both public and private including private boarding schools. We take a personalized approach in the process of selecting and placing each student who joins the Global Horizons USA program.

Our program duration ranges from one semester to several years at an American high school. The students and their families are free to choose between public, private and private boarding schools and the length of the program depending on their preference.

We are looking for students who possess a high level of “emotional intelligence” - great kids who are curious, open minded, friendly and adaptable - who have a positive attitude and an optimistic outlook towards the challenges of spending a school year abroad.

HAN University of Applied Sciences *(The Netherlands)*

www.han.nl

Participating in Estonia, Latvia

Inspiring environment. Innovative and skilled professional staff. International student body. At HAN University of Applied Sciences, we make it our business to offer higher education of an outstanding quality to students across the globe. For two years in a row, HAN has been ranked best among the largest providers of education in the Netherlands. It has more than 31,000 students and 3,000 staff members spread over two campuses in the cities of Arnhem and Nijmegen. With over 3,000 international students, HAN excels at putting theory into practice in an international context throughout all years of study. Students benefit from the experience and knowledge of foreign lecturers and international companies. Independence is stimulated and initiative rewarded by providing students with the opportunity to spend part of their education in more than one country. Undergraduate students attend lectures in the Netherlands, do a work placement abroad, study at partner universities anywhere in the world and do their graduation assignment for an international company.

We offer Bachelors in Automotive Engineering, Communication, Electrical and Electronic Engineering, Finance and Control, International Business and Management Studies, Life Sciences and Logistics Management. Our Masters are in International Business, Automotive Systems, Control Systems Engineering and Molecular Life Sciences.

Hanze University of Applied Sciences / Sensor Technology *(The Netherlands)*

www.hanze.nl

Participating in Latvia

Hanze University of Applied Sciences, Groningen (Hanze UAS), in the Netherlands, is dedicated to helping you develop your talents through quality higher education. The expertise you build will prepare you for a successful career and contribute greatly to society. We aim to help you share your talent and move the world by providing you with personal attention, practice-oriented courses, an international environment, the tools to become a successful entrepreneur and a reward system for excellence.

Hanze UAS is the largest university of applied sciences in the northern part of the Netherlands. We offer education in Dutch, English and German, and provide both bachelor's and master's degree programmes in a wide range of fields. Groningen is a young and vibrant student city, with excellent facilities, affordable housing and a rich cultural life with international art, theatre and pop festivals.

We offer the following programmes:

Bachelor's degree programmes:

- Sensor Technology (Electrical and Electronic Engineering, both 4 and 3 year programmes)
- Mechanical Engineering (Electrical and Electronic Engineering, 3 year programme)
- International Business and Management Studies (both 4 and 3 year programmes)
- Internationale Betriebswirtschaft (3 year programme. Taught in German)

- Marketing Management
- International Communication
- Game Design and Development
- Business IT & Management
- International Facility Management
- Sport Studies
- Physiotherapy
- Fine Arts
- Design
- Classical Music
- Jazz
- Master's degree Programmes:
- Sensor System Engineering
- Renewable Energy
- Sustainable Energy System Management
- International Business and Management
- MBA - Business Administration
- International Communication
- Fine Arts – Painting
- Fine Arts – Media, Art, Design & Technology
- Music

Hotelschool The Hague - Hospitality Business School *(The Netherlands)*

www.hotelschool.nl

Participating in Latvia, Lithuania

Hotelschool The Hague was founded in 1929, making it one of the oldest independent hotel schools in the world. In over 85 years, the former small, vocational Dutch school developed into an international Hospitality Business School with students from over 50 nationalities. The hotel school has been renowned for its education and innovative research, and was ranked among the Top 5 Hospitality Management Schools in the World in 2013 by TNS Global, world leader in market research.

Hotelschool The Hague offers a four year Bachelor Programme: Bachelor of Business Administration in Hotel Management (BBA.HM), developed for professional and ambitious students seeking careers in hospitality, but also for those with interests in other industries where hospitality makes a difference such as Retail, Financial Services and Event Management. For students with previous qualification in hospitality-related studies, an accelerated programme is available: the International Fast Track Programme.

Besides the four year Bachelor Programme, Hotelschool The Hague also offers a Master of Business Administration (MBA) in Hospitality Management. This programme educates the next generation of hospitality leaders and focuses on hospitality concept innovation, business development and change. In 13 months, students will enhance their knowledge and leadership competencies, opening doors to strategic and corporate positions in fields

like business development, consultancy, hospitality management, facility management and entrepreneurship.

ILAC - International Language Academy of Canada

www.ilac.com (Canada)

Participating in Latvia

The International Language Academy of Canada (ILAC) is one of the best-known English language schools in Canada. For 19 years, ILAC has offered international students a full learning experience, which includes English programs, exceptional customer service, exciting social events and a dynamic atmosphere. Our newly renovated campuses (four in Toronto and four in Vancouver) feature modern interior design and a vibrant learning environment.

Every year ILAC welcomes thousands of students from over 75 countries, creating a great diverse student population at the school.

ILAC has partnership agreements with more than 70 Canadian post-secondary institutions, and provides college & university placement for over 1,000 of ILAC's graduates. ILAC is a pioneer in the University pathway programs and continues to be a leader in university and college placements in Canada.

Over the years, ILAC has received numerous awards (ilac.com/awards/) from around the world, recognizing ILAC's commitment to teaching English and excellence in customer service.

"Our vision is not to become the world's biggest chain of language schools. Our vision is to become the world's most respected brand in education." – Jonathan Kolber, Co-President

97% of our students would recommend ILAC to a friend

70% of ILAC's students were referred by their friends

Institut Francais (France, Latvia)

www.institut-francais.lv

Participating in Latvia

Pirmo reizi šajā starptautiskās izglītības izstādē būs pārstāvēts arī Francijas institūts un aģentūras CampusFrance birojs, kurš popularizē augstāko izglītību Francijā. Francijas institūts Latvijā ir Francijas Republikas oficiāls valodas un kultūras centrs ar 20 gadu pieredzi franču valodas mācīšanā visdažādākajām mērķauditorijām. Tas ir arī Latvijā vienīgais eksaminācijas centrs, kurā var iegūt starptautiski atzītus franču valodas zināšanas apliecināšus diplomus (DFP, DELF-DALF).

Izcila izglītības kvalitāte, pievilcīgi dzīves apstākļi, bagātīgs kultūras mantojums – tie ir tikai daži iemesli, kas motivē ārvalstu studentus mācībām izvēlēties Franciju. Katru gadu Francijā ierodas apmēram 288 000 ārzemju studentu. Vairāk kā 200 studenti no Latvijas katru gadu savām studijām izraugās kādu no Francijas augstskolām.

Apmeklētājiem būs iespēja iepazīties ar augstākās izglītības sistēmu Francijā, pieteikšanos studijām, kā arī saņemt atbildes uz jautājumiem, kas saistīti ar studentu ikdienas dzīvi Francijā. Francijas institūts iepazīstinās arī ar eksāmenu kalendāru un savu ikgadējo

franču kursu piedāvājumu. Francijas institūta stendā Jūs sagaidīs: Simons Kuso, Starptautiskais brīvprātīgais – zinātne un augstākā izglītība, un Sandra Urtāne, Starpnozaru projektu koordinatore.

King's College St. Michaels (Great Britain)

<http://uk-stmichaels.kingscollegeschools.org/>

Participating in Estonia, Latvia, Lithuania

Saint Michaels is a small and friendly international boarding school located in the heart of England. Students attend the school to study GCSEs and A Levels, and there is also a university foundation programme which prepares students for university entry within a safe and focused environment.

Students may join Saint Michaels from 13 years old in order to study in Year 9, which gives students the opportunity to improve their English and prepare thoroughly for starting their GCSEs the following year. Students normally leave the school at 17 or 18 years old once they have completed either their A Levels or the university foundation programme.

The school specialises in the teaching of English as a Foreign Language and all students study English for 2 hours a day. Over the years, the GCSE and A Level results which students attain in their academic subjects have shown that the emphasis that the school places on teaching English language enhances students' understanding of subjects such as science, business, economics, etc.

All students take an IELTS examination in their final year which is provided by the school after specialised training and preparation for the exam. The results they gain from the IELTS exam are very useful when applying for university.

Another way that the school helps prepare students for university is through the university support that is offered throughout the year. Students attend a university open day at the school in October where they have the opportunity to meet with 25 different universities from across the country. In addition to this students attend university open days and university seminars from guest lecturers who explain the details of different university courses.

The school is located in the countryside approximately 1 hour and 30 minutes from the centre of Birmingham – England's 2nd city. The quiet and peaceful location means that students find it very easy to focus on their studies away from the distractions that big cities have to offer. All accommodation is on campus and students have the option of a single or twin room. All meals are provided by the school and their laundry is done and bedroom thoroughly cleaned each week.

Each Wednesday students participate in a number of different sports & activities including fixtures against other local schools. The most popular sports offered include football, basketball, fencing and tennis. Many students choose to participate in sports and activities off campus such as badminton, trampoline, swimming and bowling. Students are also able to explore the UK on a number of excursions which the school provide each term as part of the tuition fees. Students visit places such as London, Manchester, Oxford, Birmingham and Bath.

Dates and Fees for 2016 – 2017: £26,775

Autumn Term: 09 Sept – 16 Dec - £8,925

Spring Term: 06 Jan – 24 March - £8,925

Summer Term: 14 April – 27 June - £8,925

King's Ely (*Great Britain*)

www.kingsely.org

Participating in Estonia, Latvia, Lithuania

King's Ely is one of the most dynamic and prestigious boarding schools in the UK, with over one thousand years of history to draw upon. Linked to the cathedral of Ely fifteen minutes from the university city of Cambridge, and only an hour from central London, King's is a safe, exciting and stimulating environment.

With 850 British students alongside them in the classroom, the orchestra, on the stage or the sports field, overseas students feel immersed in the life of a British boarding school. We provide a stimulating and varied curriculum, both inside and outside the classroom, and our results are excellent. Our students access the top universities in the UK and beyond. They are guided by experienced tutors who know their students well, and advise them every step of the way.

King's Ely is a family school, accepting children from before their second birthday through to eighteen year-olds preparing for university. We have a range of courses to suit short or long stay students, and if you would like a taster we also run an exceptional summer school.

We will be delighted to welcome families or agents to visit us, and to discover what makes King's Ely so special.

Kingswood School (*Great Britain*)

www.kingswood.bath.sch.uk

Participating in Latvia, Lithuania

Kingswood is a historically significant school, founded in 1748 by John Wesley. It continues to provide a happy, caring environment based on strong Christian principles for boys and girls aged 3-18. There are excellent facilities for both boarders and day pupils within one of the most beautiful school sites in the South West of England; 218 acres of parkland, yet only ten minutes' walk to the World Heritage City of Bath. It is also within easy reach of major road, rail and air links from London Heathrow and Gatwick and is only 90 minutes by train from London.

Kingswood has enjoyed having students from the Baltic region for many years. It has a partnership link with the Saulė Gymnasium in Lithuania and students from there have been successful in gaining excellent A level grades and entry to top universities in the UK. Academic standards are high with 94% of Sixth Form students attending their preferred choice University on completing their 'A level' studies **An example of a top performing overseas student from Latvia was Stefans who gained 4 A* grades at A level in and is now studying at Oxford University.**

The fees represent excellent value for money as there are no hidden extras. Fees per term for 2016-17 are GBP 10,704 which includes full support for English as an Additional Language provided as required. All students will however be fully integrated into normal classroom teaching alongside the children in their peer group and all students will study GCSE and A level programmes. Outside the classroom, we offer our pupils over 100 recreational activities, clubs and societies which enrich their education and their friendships within the School and have a fun programme of social events at weekends.

We do hope that you may wish to come and visit us in the UK where you will be given a very warm welcome, but before you do, please look at our website and our prospectus which will give you a flavour of the outstanding educational experience we provide for all our students.

Lomond School *(Scotland, Great Britain)*

www.lomondschool.com

Participating in Estonia, Latvia, Lithuania

Lomond School is a leading Scottish co-educational HMC independent school that provides day places for children aged 3 to 18 years and weekly and termly boarding options from the age of 10.

With a unique setting in the scenic coastal town of Helensburgh on the edge of Loch Lomond and the Trossachs National Park, Lomond School is the West of Scotland's only day and boarding school. It comprises a Nursery, Junior School and Senior School that work closely together to deliver a distinctive family atmosphere.

Lomond offers an academic education that stretches and extends children to their full potential with a strong extra-curricular programme of sport, music, drama and outdoor activity.

Lyndon Institute *(USA)*

www.lyndoninstitute.org

Participating in Estonia, Latvia, Lithuania

Founded in 1867, Lyndon Institute is an independent, coeducational, college-preparatory high school in Vermont, USA for grades 9 – 12, offering a 200-course curriculum specializing in core and honors academics as well as fine and performing arts. Our learning community is comprised of 585 students; 85% are day students from dozens of area towns and villages and 15% are boarding students from the USA and 20 countries. The 130-acre campus hosts 34 buildings, including the Main Building, Alumni Gymnasium, 650-seat Alumni Auditorium, the Elliott Memorial Library, the John L. Norris, Jr. Center for the Arts, the Monahan Academic Commons, the Vail Student Center, and six dormitories. The 300-acre Binney Woods forest, located on Burke Mountain, provides outdoor recreation and educational opportunities. LI offers a multi-level ESOL program (English for Speakers of Other Languages) and instruction in Spanish, Latin, French, Chinese, Greek, and Russian. Our fine and performing arts program consists of 22 courses in chorus, band, jazz band, world music, AP Music Theory, acting, the LI Theater Company, the LI

Dance Company, digital photography, AP Studio Art, drawing, pottery, graphic design, painting and printmaking. We offer 45 interscholastic sports, extracurricular clubs, and programs. 25 State Championships have been earned by our athletes since 2000.

Meridian Group

www.meridian.lv

Study in Europe, USA, Canada, Australia, New Zealand

Participating in Estonia, Latvia, Lithuania

MERIDIAN GROUP is an agency you can trust!

Moreton Hall School (Great Britain)

www.moretonhallschool.com

Participating in Estonia, Latvia, Lithuania

Moreton Hall School offers international students a variety of options for learning English within one of the UK's finest boarding school in a beautiful, safe and friendly environment close to Manchester and Liverpool. Each year, the small girls' boarding school offers places to approximately 40 - 50 overseas students from a variety of nationalities. The students live in the boarding houses in the main school and take part in every day life. English tuition is part of the package. The school offers “taster” experiences from half a term up to a term in the lower years of the school, up to Year 11.

Moreton also has an International Study Centre which offers year-round intensive English tuition purely for International Students following pre GCSE/A Level programmes. The ISC takes boys and girls from 13 upwards.

In the Summer the school offers a unique and very popular Parent and Child course - children can be aged from 3-13 when accompanied by a parent/adult, plus English and

Professional Sport courses for 13 - 17 year olds plus an Intensive Academic Courses for 13 - 17 years olds offering a variety of academic subjects.

Navitas University Partnerships

www.navitas.com (Australia, New Zealand, UK, USA, Canada)

Participating in Estonia, Latvia, Lithuania

CRIC at Anglia Ruskin University and LBIC at Brunel University London offer European students the opportunity to study on the campuses of ARU and Brunel with additional academic and English support during their first year to ensure success when progressing to the university for year two of their Bachelor's degree. We offer a range of programs including: Law, Art & Design, Engineering, Business, Health Sciences, Forensic Science, Zoology, Illustration, Computer Science and many more!

Students benefit from all campus facilities, while studying in classes of no more than 20 students. We also have a "European Foundation" specifically designed for students that need additional English help, and we can students from as low as a 4.0 IELTS, fully covered by UK Government funding.

Northumbria University Newcastle (Great Britain)

www.northumbria.ac.uk

Participating in Latvia, Lithuania

Northumbria University is a research-rich, business-focused, professional university with a global reputation for academic quality. Our inspirational academics, cutting edge courses, outstanding facilities and extensive partner network means that we offer you the opportunity to learn from the best and give your career an edge, while enjoying every minute of your time here.

Radboud University *(The Netherlands)*

www.ru.nl

Participating in Lithuania

Radboud University is one of the leading academic communities in the Netherlands. Our top-flight education and research take place in modern buildings with state-of-the-art facilities, located on a beautiful green campus. Research and education at Radboud University cover a wide range of disciplines, from life sciences, to law, language, and literature. The strength of the university lies in its personal approach. So are you considering a degree programme in the Netherlands? One that is English-taught, at a leading academic community and in a safe and attractive environment? Radboud University can offer you all of that. We invite you to change perspective and create your own story!

Rossall School *(Great Britain)*

www.rossall.org.uk

Participating in Latvia

Rossall School is one of the country's leading independent co-educational boarding and day schools, in a picturesque setting on the Lancashire Coastline. Amidst striking architecture, on a generous 160-Acre campus, boys and girls aged 2 – 18 are nurtured in a safe, secure and supportive environment.

Widely acknowledged as providing a traditional British education, Rossall offers a wide ranging curriculum covering GCSE's, A-Levels and the International Baccalaureate (I.B.) Diploma.

We provide an all-round, broad education, but have particular expertise in Sciences, Mathematics, English as a Second Language (ESL or EFL) and Art-based subjects including Graphics Communications and Photography.

Our beautiful buildings are complemented by outstanding modern facilities, which include a swimming pool, astro-turf pitches, the latest DT suite with 3D printer and a fabulous cookery room. Our extensive activities programme includes basketball, football, cookery and music.

With overseas boarders making up approximately half of the student population, Rossall has a truly international atmosphere; our students love the interaction with English-speaking students from around the world and native British students. Rossall is a place where students make lifelong friendships.

Rossall students' progress directly to top universities in the UK and around the world, including Oxford, Cambridge, UCL, Imperial, Manchester and Warwick.

Rotterdam University of Applied Sciences / Rotterdam Business School / Willem de Kooning Academy

www.rotterdamuas.com *(The Netherlands)*

Participating in Latvia

Rotterdam University of Applied Sciences is one of the major Universities of applied sciences in the Netherlands, located in the heart of the internationally oriented city of

Rotterdam. Currently more than 30,000 students are working on their professional future at our University of applied sciences. RUAS is divided into 13 schools and two are international schools which offer full degree Bachelor and master programmes:

Rotterdam Business School is an expert in international business and management study programmes.

RBS roughly has 30% international students from over 40 countries, resulting in a constant exchange of cultures and experiences. The English-taught programmes prepare students for successful careers in international business.

Willem De Kooning Academy, the school of Arts, offers contemporary and cutting edge art courses. The outside world is no longer looking for the autonomous artist or the graphic designer, but rather for people who possess a multitude of talents and skills and who look beyond the borders of their original discipline. These are 'creating pioneers'. Our students will work both at local and at international levels with professionals from different disciplines in open and virtual settings.

SAE Institute

www.sae.edu (UK, USA, Australia, Spain, Austria, Germany, France, other countries)

Participating in Estonia, Latvia, Lithuania

SAE Institute is the world's largest Creative Media training organisation. With 57 campuses across 26 countries, students become part of a global community of aspiring and established creative media professionals.

The Bachelor degree programs (in the fields of Audio Production, Film Production, Animation, Games Design / Programming and Web Development) are taught in a 2-year accelerated learning format enabling students to become industry qualified and out into the workforce that much sooner.

Our students are given exclusive access to state-of-the-art film and audio equipment, enabling them to gain technical mastery and advance their skills to industry standard upon completion of their course. Hands-on practical education ensures students receive outstanding training on the latest industry standard software, getting them ready for the workforce and providing an opportunity for their creativity to thrive.

We have formed many strong industry partnerships with key players, enabling us to facilitate unique work experience opportunities, master-classes and workshops. These partnerships, together with the fact that our academic staff remain actively involved in their industry sectors, enable SAE Institute to provide cutting edge, industry relevant qualifications.

The SAE Institute Alumni Association is very active providing support for our graduates in the form of Creative Media employment opportunities, discounted software and extensive networking events. We do our utmost to ensure our graduates have rewarding careers in one of the most exciting and fastest growing sectors of the economy.

Schiller International University (USA, France, Germany, Spain)

www.schiller.edu

Participating in Estonia, Latvia, Lithuania

Earn a US & UK degree* taught in English!!!

Schiller International University (SIU) was established in 1964 by Dr. Walter Leibrecht as a private American University dedicated to the active development and encouragement of international understanding.

Schiller offers a variety of undergraduate and graduate degrees at five different campuses worldwide – Heidelberg, Germany; Paris, France; Madrid, Spain; London, UK; and Tampa Bay Area, Florida. Schiller campuses provide an unsurpassed multicultural environment for students to gain a truly global experience in some of the most exciting world locations.

Schiller International University and the University of Roehampton, London have signed an agreement where students will study for a degree awarded by Roehampton alongside their Schiller degree and receive two separate qualifications without completing extra Roehampton-specific credits.

Bachelor programs:

- BS International Business
- BA International Economics
- BA International Relations and Diplomacy
- BA International Hospitality and Tourism Management

Master programs:

- Master of Business Administration (MBA)
- MBA in International Business
- MBA in International Technology Management
- MBA in International Hospitality and Tourism Management
- International Relations and Diplomacy
- International Management (MIM)

*For selected degrees and upon completion of required coursework that meets both SIU and the UOR requirements

Schule Schloss Salem (Germany)

www.schule-schloss-salem.de

Participating in Estonia, Latvia, Lithuania

Schule Schloss Salem is Germany's most prominent boarding school for students aged 10 - 19. In 1920, it was founded by Kurt Hahn, who later also founded Gordonstoun School, the Duke of Edinburgh Award Scheme, Outward Bound and the United World Colleges.

Salem pursues a holistic approach to education.

It is a bilingual school offering

- German Abitur (grades 5 – 12)
- IB Diploma Programme in English (grades 11 – 12)
- International Classes (grades 8 - 10)

- Integrated German Language School (grades 5 -6)
 - Salem International Summer Schools for students aged 9 – 16: July 22 – August 6, 2017
- Salem is a state-accredited, independent, non-profit organization with about 600 students (30% foreigners). Salem's international atmosphere is enhanced by staff members from several countries.

Involvement in extra-curricular activities and the life of the boarding community has the same significance as academic achievement. All students must engage in a community service and attend a regular programme of sports/outdoor pursuits. Participation in theatre, music and visual arts is strongly encouraged.

Salem's aim of education is to build personalities, who respect the individual, feel responsible for their environment and have internalized the democratic ideal.

admissions@schule-schloss-salem.de

Seneca College (Canada)

www.senecacollege.ca

Participating in Latvia, Lithuania

Recognized around the world for career-focused programs, expert faculty, committed staff and successful graduates, Seneca is a leader in Canadian postsecondary education. With campuses located in and around Toronto, Canada's most populous and culturally diverse city, Seneca is one of the largest comprehensive colleges in the country.

Seneca has a history of welcoming the world through its doors, with approximately 5,500 current international students from 140 countries. Along with international students, Seneca also has many of educators with years of relevant Canadian and global experience. Seneca's diverse faculty members are highly educated and well connected and active in their respective sectors, helping to ensure that the program curriculum stays up-to-date and relevant.

Areas of study include: • Art, Animation and Design • Aviation • Business • Community Services • Fashion and Esthetics • Hospitality and Tourism • Health Sciences • Information and Communications • Law, Public Administration and Public Safety • Manufacturing • Media and Communications • Performance • Recreation and Wellness • Science and Engineering Technology • University Pathways and Arts and Science

With more than 150 full-time programs and 500 career options, students can pursue any career they desire. Seneca offers various programs in International Business and specific courses highlighting international professions and standards such as International Regulatory Affairs and Harmonization in the Pharmaceutical Regulatory Affairs and Quality Operations program, and International Fashion Retailing in the Fashion Business Management program. Many of Seneca's programs also offer internationally-recognized professional designations that prepare students for the working world inside and outside of Canada. For example, Seneca's accounting programs are the first in the Ontario college system to be accredited by the Association of Chartered Certified Accountants (ACCA). Seneca also provides international students with intensive English as a Second Language (ESL) training through the English Language Institute (ELI). ELI is a full-time program

with eight levels, lasting seven weeks each — perfect for students looking to upgrade their English language skills before beginning their Seneca program.

Seneca's international students receive more than just an education. They receive the complete Canadian postsecondary experience. Students can enjoy an enriching social life with varsity sports teams, intramural leagues, fitness centres, a skating rink (for the real Canadian winter experience) and a variety of cultural, academic and recreational groups and clubs. There are also exclusive activities and unique trips to major Canadian tourist destinations, such as the CN Tower and Niagara Falls.

Seneca also helps students in finding on-campus and off-campus accommodations. Seneca's residence buildings at the Newnham and King campuses offer fully-furnished apartment-style residences equipped with a kitchen, bathroom, private bedrooms, laundry and additional storage facilities. Amenities can include a refrigerator, microwave, telephone, cable television, internet access and air-conditioning. Each residence also has furnished lounges, study rooms and social areas — all monitored by 24-hour security.

Alternatively, students can choose to stay with a local Canadian family in a safe and welcoming environment as part of the Homestay program.

Sidcot School *(Great Britain)*

www.sidcot.org.uk

Participating in Latvia, Lithuania

Sidcot School is a lively and popular co-ed boarding and day school where students work hard and achieve excellent results. We encourage individuality, creativity, and challenge our students to think with greater depth to reach a better understanding of themselves and the world they live in.

We are a top performing school in the South West, with impressive exam results: especially in maths, the sciences and the arts. In 2016 we celebrated another successful year of exam results at GCSE, A Level and IB with record numbers of students gaining their first choice of university with 54% due to attend one of the top Russell Group universities including Oxford, Bristol, Exeter and Imperial College, London.

The school is close to Bristol and Bath and only 2 hours from London and conveniently located for international flights – Bristol Airport is only a 15 minute taxi ride away. In this setting, students can enjoy the best of both rural and city life: a peaceful environment in which to concentrate on their studies, and access to the cities for educational opportunities and weekend activities.

Sidcot campus has some outstanding facilities. As well as superb sporting grounds, a 25m swimming pool, dance studios and an equestrian centre, we have professional standard facilities for arts and media. To ensure students are up to date with contemporary creative practices, our fantastic Creative Arts Centre bridges traditional genres with modern technology. Our art school includes studios for painting, sculpture, photography and a digital media suite. The music school has a dedicated performance hall, practice rooms, recording studio and music technology suite. The drama studio can be used for both theatre performances and film.

The BHS approved Equestrian Centre at Sidcot School is well known in the area. Students

of all ages can learn to ride, and tuition in dressage, riding cross-country and jumping is available. Boarding students are very welcome to bring their horses to Sidcot and a full livery service is available.

Special Characteristics

- A-level and IB Diploma
- Outstanding reputation in creative arts, sciences and maths
- Centre for Peace and Global Studies
- Equestrian boarding school
- Year 11 Pathway one-year GCSE course – integrated to give a truly UK boarding school experience
- Additional Language department supports students whose first language is not English.

Levels of English required

- Year 7-8: minimum level A2
- Year 9-10: minimum level B1
- Year 11 Pathway: minimum level B2
- Year 12 A Level: minimum level B2
- Year 12 IB: minimum level B2/C1

For short courses, English language entry requirements are decided on an individual basis.

Accommodation Facilities:

There are 5 single sex boarding houses where students usually share a room. All rooms have Wi-Fi.

Boarding fees

From £8,300 to £10,470 per term. Cost of shorter courses available on request.

Address – Sidcot School, Oakridge Lane, Winscombe, North Somerset BS25 1PD

Telephone – +44 (0)1934 845212

Email address – admissions@sidcot.org.uk

Sherborne International *(Great Britain)*

www.sherborne-international.org

Participating in Estonia, Latvia, Lithuania

Sherborne is a specialist intensive school for overseas girls and boys aged 11-17. Students from non-British backgrounds are given the best linguistic and academic preparation possible.

Classes have a maximum of 8 students. There are up to 150 students in the School. All teachers are double trained – to teach English AND their own subjects, such as Mathematics, Biology, Physics, Chemistry, Geography, History, Art and Business Studies. This is to help ensure all lessons are fully understood and that language or other cultural differences are not barriers to learning.

The School occupies clean, modern buildings, with excellent facilities. The boarding accommodation for students is mainly in modern single or double rooms.

Students usually stay at the School for a year and are then ready to move into a traditional British boarding school.

The School achieves excellent IELTS, and GCSE/IGCSE results on its year round programme and offers quality academic Spring Vacation and Summer programmes.

St Christopher School *(Great Britain)*

www.stchris.co.uk

Participating in Estonia, Latvia, Lithuania

Founded in 1915 – a co-educational school for children aged 3-18

At St Christopher School in Letchworth Garden City, Hertfordshire, England, we help children between the ages of 3 and 18 become self-disciplined, self-motivated and creative thinkers and develop them as independent learners who are able to make informed choices.

These are very important years that are part of the journey from childhood to adulthood. There are new friends to meet, new subjects to learn, new activities to try and new challenges to tackle. There will be successes and there will be failures, that all need to be met with the right attitude.

At St Chris we have high expectations of all within the School. We expect excellent behaviour and maximum effort. We also expect everyone to work together, to enjoy their time at School and have fun working hard.

Full boarding is available for children joining Year 7 (age 11/12) in our Senior School and they will work towards their GCSE examinations, which are taken at the end of Year 11. Our Sixth Form (age 16-18) offers a broad range of subjects for students to study at A Level and the opportunity to progress to the best Universities in the UK and overseas. We offer a range of sports including; Football, Rugby, Cricket, Basketball, Rounders, Netball, Lacrosse, Fitness Training, in addition to water based activities in our swimming pool which include Water Polo, Kayaking and Lifeguard Training.

Extra curricular activities include; Duke of Edinburgh's Award, Climbing, Philosophy, Technical Theatre Skills, Yoga, Pottery, Cookery, Debating, Archery, Film Club, St Chris Radio, Tennis and Volleyball.

We have two boarding houses; Arundale, which accommodates students from Year 7 – Year 12 and Arunside for Year 13. The School is unusual amongst mainstream boarding schools in having “Houseparents” rather than “housemasters and housemistresses”. The choice of terminology is deliberate, as is the employment of both partners. The aim of the School has been to provide for younger boarders a homely environment, for older pupils a student setting and for all the caring oversight associated with the active role of a good parent. All boarding is co-educational with guidance and rules to ensure privacy.

Boarding allows students to experience a communal life. They develop a capacity for tolerance, self-sufficiency and independence that will serve them well in later life. They learn the relationship between rights and responsibilities and the balance between individuality and being part of a community.

Term starts on Wednesday 6 September 2017, with an Induction Day for Year 7 and Conference Day for Year 12 on Tuesday 5 September 2017.

State Education Development Agency (Latvia)

www.viaa.gov.lv

Participating in Latvia

There are so many possibilities for learning abroad – student exchanges, placements or internships, summer schools, research periods, independent studies. How do I know which option is right for me? Where to start? What about money? Will they recognize my diploma? What about when I get back? Answers to these and more detailed questions can be found with the assistance of the State Education Development Agency's (VIAA) Euroguidance programme on their website: www.viaa.gov.lv/Euroguidance. Meet the Euroguidance senior programme specialist at the fair and ask your questions face-to-face.

Not sure you want to spend three years in a foreign country to earn your degree, but still looking for a way to gain experience abroad? Exchanges and placements are your best bet. But you need to be a student at a Latvian vocational college or university to participate in Erasmus+ and other grant programmes. Where to find all the information you need about studying in Latvia? The VIAA National Database of Learning Opportunities www.niid.lv contains programme descriptions and contact details for accredited learning providers. Our NIID senior specialist will help you pinpoint your search to get the information you need.

Steining Grammar School (Great Britain)

www.sgs.uk.net

Participating in Latvia

A unique, successful & dynamic learning community

A high achieving state school supporting nearly 2000 students aged from 11 – 18 years, with over 500 students in the Sixth Form College. Top 10% Nationally for student progress. We provide the widest opportunities and curriculum breadth with nearly 30 subjects at GCSE and over 40 at A Level, including BTEC National Programmes. We also offer a 3 year KS4 which has led to excellent GCSE results

Our 'Journey to Excellence' is built on high expectation combined with a commitment to innovation and new thinking; we are focused on 'Character Education' to encourage purposeful effort and embed the skills of curiosity, grit, growth-mindset, gratitude, self-control and zest that students need to flourish both at school and in their ongoing lives. Outstanding Boarding as judged recently by Ofsted, with one of the most modern boarding facilities in the country accommodating 125 full or weekly boarders, with modest boarding rates and no tuition fee

A strong and harmonious 'Steining Family' provides a supportive and caring environment where students are happy, engaged and keen to learn

Consistently Good GCSE and A Level Results

- 75% of students gained 5 A* – C in their subjects
- 22% of all grades achieved by SGS students were graded A* - A
- Almost 50% of all grades achieved by SGS students were graded A* - B
- 21% of students achieved 5 or more A* - A grades
- Over 50% of grades at A* - B at A Level

Study in Prague - University of Chemistry & Technology

www.vscht.cz (Czech Republic)

Study in Prague - University of Economics

www.vse.cz (Czech Republic)

Participating in Estonia, Latvia, Lithuania

Study in Prague, one of the most beautiful cities in the world!

The Czech Republic, since 2004 a member of the European Union, is not only one of the most prosperous countries in Central Europe, but according to the Global Peace Index 2016 is sixth safest destinations in the world, which is an important added value for prospective international students.

Prague is an important cultural, business and tourist destination and an excellent base for travelling all around Europe, since most cities in Europe can be reached by plane in less than two hours. While living standards in Prague are quite comparable with those in other capitals of the EU countries, students welcome the fact that costs for living, for food and leisure are generally lower.

The modern infrastructure of Prague, with its efficient and cheap public transport system, makes it one of the most student-friendly cities in the world. After all, the oldest university east of the Rhine and north of the Alps was founded in Prague already in the 14th century.

Study in Prague offers you a unique opportunity to pursue your university studies at the top 5 universities in Prague. There are many study programmes offered in English – from philology, pedagogy, social sciences, natural sciences, human medicine, architecture, economics, business, management, informatics and computer science, nanotechnology, chemistry, biotechnology, mathematics, nuclear physics, engineering and technologies, as well as food, agriculture and forestry sciences.

If you decide to study in Prague, you will join a broad academic community together with thousands of students from all over the world. Get the opportunity to collaborate with Czech experts and highly-rated international scientific teams.

Study in Prague – experience Prague!

Swansea University (Great Britain)

www.swansea.ac.uk

Participating in Estonia, Latvia, Lithuania

Established in 1920, Swansea University is attracting global attention and recognition:

- Holds a QS award for 5 Star excellence for quality assessment, placing us alongside leading institutions such as Harvard and Oxford
- Times Higher Education (THE) ranks us in the global top 200 category of the “most international universities”
- Is 26th in the UK in the 2014 Research Excellent Framework (REF)
- Is now in the top 40 of The Guardian University league Table
- Is 14th in the UK for student satisfaction (NSS 2016)
- Is in the top 15 UK position for producing global graduates capable of securing profes-

sions jobs (HESA)

Excellent employability potential and support.

We offer a comprehensive package of support and opportunities, including:

- College based staff appointed to specifically assist students with their career development throughout their programme of study
- Business start-up support and enterprise skills development
- Well established study and work opportunities
- Subject specific employability weeks featuring networking events, guest speakers and live projects
- Summer and short term programmes, cultural, study and work based, to boost your CV

Funding:

Students from EU member states are probably eligible for a Welsh Government funded reduction in tuition fees for all UNDERGRADUATE programmes, reducing the cost to approximately £4000. This compares extremely favourable with the £9000 fees charged by most English Universities. There are also a range of scholarships available for Postgraduate study.

Please be assured that for 2017 entry, the discounted undergraduate tuition fee will be honoured for the duration of the undergraduate programme.

Swiss Education Group (Switzerland)

www.swisseducation.com

Participating in Estonia, Latvia, Lithuania

Since the establishment of its first hotel school in 1982, the Swiss Education Group has grown to become a world leading hospitality education network. The outstanding success of the Swiss Education Group has set new standards in the hospitality industry and provides inspiration to its graduates.

Culinary Arts Academy Switzerland

Located in the center of Europe the Culinary Arts Academy introduces you to culinary philosophies and modern trends. As an international institute for culinary education it focuses on practical kitchen skills and theoretical management classes. With tailored practical classes and paid internships in some of the most renowned Michelin-starred restaurants Culinary Arts Academy shows you the best ways how to become a top chef. You are given the opportunity to demonstrate your innovative ideas and develop your own business plan as a master in restaurant and culinary management.

Hotel Institute Montreux

As the birthplace of hospitality, Switzerland presents the best conditions in the world to study hospitality management. The international reputation of the school and a supportive learning environment contributes to the potential success of students when they enter the professional field.

The hospitality management courses at Hotel Institute Montreux, that combine Swiss hospitality practices and contemporary American management expertise, prepare students for top management jobs around the world.

IHTTI School of Hotel Management

The inspiring programme at IHTTI School of Hotel Management emphasizes leadership and personal development. The combination of studies in hospitality management with the principles of branding, luxury and hotel design allows you to become a leader in hotel and design management. The staff at IHTTI School of Hotel Management will prepare you for a career in the luxury and design industry as part of the next generation of hospitality managers.

Swiss Hotel Management School

The Swiss Hotel Management School is known as one of Switzerland's leading hotel management schools. It offers a wide range of renowned programmes such as a Master in Hospitality Management or a Master of International Business with focus on spa and resort management. By introducing you to key components of event planning during the events management courses allows you to enhance your career opportunities and master the complexity of high-end events.

Swiss Language Club

Swiss Language Club, member of SEG, has 30 years of experience in organizing summer language camps in Switzerland combining an excellent language education with a wide range of leisure, sports and sightseeing activities.

Taunton School *(Great Britain)*

www.tauntonschool.co.uk

Participating in Estonia, Latvia, Lithuania

Taunton School is a traditional co-educational boarding and day school for pupils aged 0-18 years, offering both A Levels and the IB Diploma in Sixth Form.

Taunton School International was established to provide an intensive One Year GCSE/Pre-IB programme for international pupils wishing to complete their education in a British school. Pupils can study up to 8 GCSEs in one year, with over 23 subjects to choose from.

Taunton School International Middle School opened in 2012 for pupils aged 7-14, providing an intensive education in the English Language alongside core subjects.

Taunton School International runs Summer School courses for 3, 6 or 9 weeks, acting as intensive preparation courses in English and other academic subjects for entry into British Boarding Schools.

We also offer tailor-made short courses of 'Academic English Plus' allowing closed groups of ten or more pupils to experience life at a British Boarding School throughout the year.

Tettenhall College *(Great Britain)*

www.tettenhallcollege.co.uk

Participating in Estonia, Latvia, Lithuania

Tettenhall College has a well-deserved reputation for being a small, friendly school of around 360 pupils between the ages of 2 and 18. The quality of the relationships within the School provides a safe and secure environment in which pupils grow in confidence rapidly and take on new challenges to discover and develop their natural talents resulting in high levels of achievement. The excellent rapport between staff and pupils is a significant factor in the attitude and motivation of the pupils.

Pupils' creativity and growth as individuals or members of a team are illustrated by the widespread participation in music and drama within School, and those who enjoy playing sport are well catered for with superb indoor and outdoor facilities and expert coaching. The school is situated on the western outskirts of Wolverhampton, near Birmingham, and stands in 33 acres of attractive grounds. The modern facilities such as the science laboratories, named after a former pupil who won a Nobel Prize for Chemistry, are consistent with the delivery of a top class education by energetic and enthusiastic staff. Academic success at GCSE and A Level provides a spring board for pupils to attend top universities across the UK.

The American Graduate School of Business *(Switzerland)*

www.agsb.ch

Participating in Estonia, Latvia, Lithuania

The American Graduate School of Business (AGSB) is a non-profit, private institution of higher education offering graduate and undergraduate programs in the study of business. Historically AGSB has always had a strong international representation among its students and faculty. Combining the traditions and setting of the finest Swiss schools, AGSB has made a commitment to become a world class institution.

1. The result of this commitment is evidenced in our three student learning goals for all graduates: An AGSB alumnus will be a valuable contributor to any business because of the general knowledge in the functional areas of management gained through their course of study and the ability to solve problems by supplementing his/her business knowledge when required.

2. An AGSB alumnus will be recognized in any business because he/she demonstrates skill and competency in using tools for analytical problem solving and complex decision

making encountered in general management.

3. An AGSB alumnus will have improved his/her personal skills as a communicator and a leader in all business circumstances. He/she will be able to appreciate to the value of differing points-of-view, as well as being able to make reasoned judgements that are logical and supported.

The Duke of York's Royal Military School *(Great Britain)*

www.doyrms.com

Participating in Estonia, Latvia, Lithuania

The Duke of York's Royal Military School welcomes students aged 11 to 18 from the European Economic Area who wish to board with us as they study for GCSE's and A Levels. Originally established to educate children from military families, we welcome applications from students wishing to be part of our special blend of military ethos and heritage, while developing traditional values of self-discipline, self-reliance, leadership, spirituality and respect for others.

We are a full boarding school, which means that children live and study at the School during term time, making us the ideal choice for European families who would like their children to study in the UK. Your child will become part of a close-knit community where they are able to study and live with their friends. Our experienced Housemasters and Housemistresses offer good pastoral care and support, while academic tutors support the teachers in their daily classroom activity by overseeing evening prep.

In 2016, 75% of students secured 5 GCSEs or more at A* to C grade including English and Maths which is significantly above the national UK average.

All students are encouraged to achieve the very best they can whether it's in the classroom, on the sports field, on the stage or as part of the Ceremonial Guard.

The Hague University of Applied Sciences *(The Netherlands)*

www.dehaagsehogeschool.nl

Participating in Latvia

The Hague University of Applied Sciences has more than 25,000 students who come from over 150 different countries. That makes our university of applied sciences the most international in the Netherlands.

We offer nine full-time Bachelor's programmes entirely in English, with an international focus:

- European Studies
- Communication Multimedia Design/User Experience
- Industrial Design Engineering
- International Business and Management Studies
- International Communication Management
- International Financial Management and Control
- Law
- Process and Food Technology

- Public Management
- Safety and Security Management Studies
- International Sport Management

You can take the following three Master's degree programmes on a full-time or part-time basis:

- Master in Financial Management and Control (MFMC)
- Master of Business Administration (MBA)
- Master in International Communication Management (MICM)

We also offer an English Language Preparatory School for those would like to improve their English language skills.

Our The Hague Summer School programme is a cutting edge 2- or 4-week modular course that looks at solving global issues through connecting the public and private sectors.

The Hong Kong Polytechnic University *(Hong Kong)*

www.polyu.edu.hk

Participating in Estonia, Latvia, Lithuania

The Hong Kong Polytechnic University (PolyU), as one of the leading universities in Asia, is dedicated to academic excellence, innovative research and knowledge transfer. With a student population of over 32,000, PolyU emphasizes in nurturing and unleashing students' creativity and preparing them to be leaders in their professions.

PolyU is ranked 6th in the QS "50 Under 50" list of world's top young universities (in 2015); and 27th in the "World's Top 100 Universities Under 50" by Times Higher Education (in 2016).

PolyU consists of six faculties and two schools offering over 200 programmes in applied science and textiles, business, construction and environment, engineering, health and social sciences, humanities, design, and hotel and tourism management. All courses in PolyU are taught in English.

PolyU is the only university in Hong Kong that incorporates a Work-Integrated Education and Service-Learning component within the curriculum. On-the-job-training internship opportunities are offered in collaboration with over 3,000 partners in Hong Kong, Chinese mainland and overseas countries. Service-Learning subjects nurture students' sense of civic responsibility and engagement, while benefiting the community through direct and indirect service to society.

Think Beyond – Come and study in PolyU!

The Royal School Wolverhampton *(Great Britain)*

www.theroyalschool.co.uk

Participating in Estonia, Latvia, Lithuania

Located in a leafy suburb of Wolverhampton, The Royal is conveniently situated between countryside and the UK's second largest city, Birmingham, giving pupils ample opportunity to experience the rich contrasts of British life. Furthermore, the school is now a Free

School making it a very attractive option for students from the European Economic Area and European Union. Tuition is free and Boarding costs are £10,750 for the year.

The Royal is a small, cohesive community with a friendly atmosphere for both day pupils and boarders alike. Our strong academic tradition is based upon individual attention and encouragement, as well as excellent pastoral care founded on respect, tolerance and understanding of others. Students achieve their full academic potential, whilst a wide range of extra-curricular activities is available to develop character and leadership.

We prepare pupils for Oxbridge and other top universities while also catering to pupils of all abilities. The School regularly achieves high standards in both A-Level and G.C.S.E. results, particularly in STEM subjects of mathematics and the sciences.

The Royal combines traditional values with a modern outlook and a 'real-world' attitude. At the Royal, education is about developing the whole individual.

The Royal Hospital School (*Great Britain*)

www.royalhospitalschool.org

Participating in Estonia, Latvia, Lithuania

RHS – full British boarding school for 11 to 18 year olds

The School

The Royal Hospital School was founded in 1712 by Royal Charter with a focus on discovery, exploration and challenge. These remain at the heart of its educational values today as pupils are encouraged to discover their passions and strengths and to be ambitious in the classroom and beyond. The School is a centre of excellence for sailing, has a wealth of leadership and personal development opportunities and is renowned for its exceptional music, both choral and instrumental.

Academic

The School – offering the English National Curriculum of GCSE and A Levels - combines the best of academic tradition and rigor with progressive teaching and learning strategies. Classrooms are equipped with the latest technologies and small class sizes, dedicated teachers and supportive personal tutors help to empower young people to learn and develop in an ever-changing world.

Boarding

There is a large and happy boarding community and the strong house structure provides exceptional pastoral care. There are two junior houses for 11 to 12 year olds, three girls' and three boys' boarding houses as well as a coeducational house for those in their final year, providing a stepping-stone to more independent living. Each has its own distinct identity but all provide comfortable study bedrooms and have superb communal areas for relaxing and socialising.

Sports

The 200 acre grounds offer expansive games fields for all the main team sports, all-weather hockey pitches, tennis and netball courts, field and track athletics facilities, cross-country courses and a golf course. There is a large indoor swimming pool, squash courts, a multi-purpose sports hall with climbing wall and a fitness suite. The Sailing Academy is an RYA Training Centre with a fleet of more than 60 dinghies and horse riding is provided

through a neighbouring equestrian centre.

Creative Arts

Music plays an important part of school life. This is reflected in the busy state-of-the-art Music School and the full and varied musical performance programme. Drama forms part of the curriculum but pupils can also take LAMDA examinations and get involved in plays, musicals and drama competitions. The Art and Design centre is another hub of creativity and originality where pupils can experiment in a wide range of media and have access to well-equipped workshops.

University College Birmingham *(Great Britain)*

www.ucb.ac.uk

Participating in Estonia, Latvia, Lithuania

UCB is a highly specialised public sector university focusing on studies in hospitality

management, culinary arts management, tourism management and business and marketing programmes.

We offer a range of qualifications up to Masters Degree level, with many being awarded by the University of Birmingham, to whom UCB is accredited. Particularly popular programmes are the BA (Hons) Business Enterprise, the MA in Marketing Management for Events, Hospitality & Tourism and the MSc Hospitality with Tourism Management.

Located in the centre of Birmingham, the UK's second city, UCB is an industry focused institution with some of the best practical learning resources in the world. We offer 4 training restaurants, numerous food production kitchens, bakeries and a health and spa centre.

UCB has its own language school and English as a Foreign Language Centre, offering academic English classes to our students and a free English language checking service for all written assessed work.

UCB's reputation is such that we attract students from around the globe. Our international student community numbers around 1,500, from around 80 countries. Students from the Baltic States are always particularly welcome at UCB!

University College Zealand (Denmark)

www.ucsj.dk/english

Participating in Estonia, Latvia, Lithuania

UNIVERSITY COLLEGE ZEALAND is a regional university college, covering the geographical area of Region Zealand. University College Zealand has approximately 8,500 students and 650 employees at seven campuses in the cities of Roskilde, Slagelse, Sorø, Næstved, Kalundborg, Vordingborg and Nykøbing Falster. All campuses are easily reached from Copenhagen, the travelling time varying from 30 minutes to 1 ½ hours by train.

With eleven professional bachelor degree programs, three of which are taught in English, University College Zealand is the central driver for education and growth in the region. Currently offered in English are Bachelor Degree in Leisure Management, Bachelor of Engineering in Biotechnology and an International Honor's Degree in Teaching. Furthermore, there is an increasing number of exchange students for the renowned international semesters or for traineeships in the respective professions.

University College Zealand has close partnerships with the workplaces that graduates will join. This ensures high quality traineeship opportunities as well as a constant development of the programs to provide graduates with the needed skills to join and navigate in an ever-changing job market. It is a priority to train students with professional qualifications and social competences that can ensure high standards in the public as well as the private sector.

University for the Creative Arts *(Great Britain)*

www.uca.ac.uk

Participating in Latvia, Lithuania

Oscar-winning film makers and animators, world-renowned fashion designers, television presenters and Turner-Prize nominees are just some of UCA's high-profile graduates, who have enriched the world with their creative talents. Taught and guided by our experienced, industry-connected academic staff, our students can now reap the benefits of studying in a top 40 UK university.

With more than 6,000 students (20% of which are from overseas), studying over 110 creative courses across four campuses, we generate unique communities of artists, designers, makers, writers and researchers.

As a specialist arts institution, we are 100% creative. Our distinctiveness against larger multi-disciplinary universities comes from focusing on provision through our creative campuses, which are not compromised by sharing facilities with other subjects or disciplines.

University of Essex *(Great Britain)*

www.essex.ac.uk

Participating in Estonia, Latvia, Lithuania

Essex has a long history of welcoming students from around the world to our campuses close to London. We provide students with much more than a degree - we encourage them to ask questions, challenge convention and have an impact on the world around us. Our students agree, voting us top 10 in the UK for student satisfaction for three years in a row. We encourage a "living and learning" environment where students can widen their experience by studying abroad or learning a language for no extra cost.

Essex is proud to have the highest-rated politics department in the country, be top 5 for Social Science and top 20 for research.

Join Nobel Prize-winners, award-winning directors, presidents, astronauts, and over 75,000 other alumni who've gone on to shape the world. www.essex.ac.uk

University of Gloucestershire *(Great Britain)*

www.glos.ac.uk

Participating in Estonia, Latvia, Lithuania

Established in 1847, the University of Gloucestershire offers a rich heritage and vibrant student life, with campuses in Cheltenham and Gloucester (South West England). With a reputation as a specialist in sport, biosciences, teacher training, media, art and design and business, there are over 100 undergraduate and postgraduate courses to choose from. Study with us and you'll join a supportive and passionate community of staff and students. As a top 10 UK new university (Guardian 2016) we attract students from over 60 countries worldwide. We offer our students exceptional support which is why we are ranked 1st in the UK for international student support in the International Student Barometer (ISB) 2015.

We help you to graduate the best you can be. A unique Future Plan is created for every student to ensure you make the most of every opportunity while you're at university. You'll have your own Personal Tutor to support you throughout your time with us, working with you to identify work and volunteering experience to enable you to achieve your future aspirations.

Testimony to all of this, 94% of our graduates are in employment or training within six months of graduating (DLHE 2013/14).

University of Navarra *(Spain)*

www.unav.edu

Participating in Latvia

The University of Navarra is located in Pamplona (Spain). Its mission is to train people to become professionals who take an active role in society and are aware of the part they will play in the creation of tomorrow's world. Its campuses in Pamplona, San Sebastian, Madrid, Barcelona and New York are harmonious, multicultural communities. Students enjoy a unique, enriching experience that prepares them to develop their potential in an increasingly global future. Our range of academic programs aims to address the needs of the job market and society. We want to train tomorrow's leaders.

Pamplona is the capital of Navarra. As part of the Camino de Santiago, the region is well known for its culture, landscapes and gastronomic quality. Very close to France, it is the perfect starting point to get to know the rest of Spain and Europe.

VGC International College *(Canada)*

www.vgc.ca

Participating in Estonia, Latvia, Lithuania

VGC has gained a reputation of being one of the best language schools in Canada. We are located in the heart of downtown Vancouver, one of the most livable cities in the world. Students choose VGC because of our high academic standards, the quality of our teachers, a comfortable campus environment and individual customer service.

We offer a variety of English programs, such as **Global English, TOEFL Preparation, IELTS Preparation and University Preparation**. There are many additional programs and extra services to help our students achieve their goals and customize their experience, such as electives, afternoon classes, **summer camps for teens and Cambridge preparation programs**. VGC also offers direct entry pathways to Canadian universities. Our daily fun activities and trips make it easy for our students to find a lot of friends from around the world. Join the VGC family for a unique life experience!

Wells Cathedral School *(Great Britain)*

www.wellscathedralschool.org

Participating in Estonia, Latvia, Lithuania

One of the oldest schools in Europe (founded 909AD), Wells offers boys and girls aged 3-18 an inspiring education in a musically-alive and beautiful environment as a brilliant foundation for life. Located in South West England in the historic centre of Britain's smallest city (pop. 11,000), but surrounded by stunning English countryside, we are within easy reach of Bath – and Bristol and London with their international airports.

Uniquely, we are the only 'proper' school that also runs an internationally-renowned specialist music scheme funded by the British Government. We have a proven record of academic excellence, based on the English National Curriculum, with students leaving us for Oxford, Cambridge and other Russell Group universities, as well as music colleges and conservatoires – in the UK and abroad. We also run a successful specialist mathematics scheme, offer 40+ co-curricular activities, competitive/non-competitive sports, a strong creative arts programme, and a full choral tradition with Wells Cathedral.

We encourage everyone to be what they are (*esto quod es*); together with our exceptional pastoral care, this enables a wide variety of students to thrive here.

“Britain’s most beautiful school” (The Daily Telegraph), Wells has an indescribable, magical atmosphere – see it to believe it!

Wycliffe College *(Great Britain)*

www.wycliffe.co.uk

Participating in Estonia, Latvia

Excellent academic standards

Wycliffe has many years of experience in welcoming international students into its lively and thriving school community. Students are guided and supported so that they achieve academic excellence at GCSE and A Level. In fact, Wycliffe is among the top 20% of schools in England for helping pupils to exceed their potential (Value Added). For those considering GCSEs there are 22 subjects on offer and in the Sixth Form over 30 – ranging from the traditional subjects to the more specialist fields. Wycliffe is also the SAT/ACT test centre for American university preparation.

Outstanding boarding

The accommodation at Wycliffe is impressive – facilities have been invested in considerably over the past few years. Each of the houses now has its own kitchen, common room with television/dvd as well as wifi throughout. Pupils also receive an exceptionally high standard of pastoral care from the well qualified and experienced house staff.

Learning English, Preparation for A Levels, Take some key GCSEs

Some international pupils choose to join the Development Year (DY) at Wycliffe before embarking on the full two year A Level programme. This is because they wish to improve their English and experience a range of subjects while living and working in a traditional British boarding school.

DY pupils study a broad range of subjects including English, Maths and the Sciences and many can take up to six GCSEs as well as a range of ESOL exams. During the year they also receive an introduction to some A level subjects, in preparation for Sixth Form. The DY students are part of all the house, sports, and social activities in which they can build friendships and improve their language skills. Included in the timetable, students benefit from expert tuition in English as a Second Language.

Wycliffe is a co-educational day and boarding school for pupils aged from 2 to 18 years.
