## FAIR'S PARTICIPANTS

### **A British Exams Centre** *(Latvia)*

[www.balticcouncil.lv/lv/ielts](http://www.balticcouncil.lv/lv/ielts)

#### ***Participating in Latvia***

Since 2008 BCIE is the official examination centre in Latvia for **IELTS** (International English Language Testing System), Cambridge (**Cambridge English Language Assessment**), ACCA (Association of Chartered and Certified Accountants), **Admissions Testing Service**, University of London, Open University and other exams of British professional organisations and universities.

BCIE administers international British exams on various language levels: from beginners A1 to advanced C2.

IELTS is the most popular English language examination in the world, and every year it is taken by 2 million people. IELTS is recognised by 8000 higher education institutions in the whole world, as well as thousands of employers. IELTS results are available 13 days after the test date.

Cambridge English Language Assessment exams have been well known in the whole world already for 100 years, and many higher education institutions recognise them both as entrance examinations and final exams. Employers highly appreciate these certificates as they evaluate the ability to use English in situations related to studies, work and recreation. We also offer Cambridge English exams for children aged 7-12 (A1-A2).

**ACCA** is the leading international accounting organisation that grants widely acknowledged international qualifications in the business sphere. ACCA qualification encompasses all entrepreneurial spheres – from financial statements, management accounting, corporate taxation and law to audit and business ethics.

Admission Testing Service exams allow students to take entrance examinations in the best universities in Great Britain. These examinations are taken in order to apply for the programmes of medicine, philosophy, politics, economics, law, mathematics and others. BCIE offers a possibility to take university and professional exams in Riga.

### **Abbey DLD Group of Colleges** *(Great Britain)*

[www.abbeycolleges.co.uk](http://www.abbeycolleges.co.uk)

#### ***Participating in Lithuania, Latvia, Estonia***

Abbey DLD colleges offer high quality programmes to prepare students for entry to some of the UK's most prestigious universities. Our courses include GCSE and A Level programmes, and an International Foundation Programme.

#### **Our five colleges are:**

- ❖ Abbey College Birmingham
- ❖ Abbey College Cambridge
- ❖ Abbey College London

- ❖ Abbey College Manchester
- ❖ DLD College, London

We offer students from all over the world a tailored education designed to launch them on a successful and prosperous future. Entry can be from 15 years of age to study GCSEs, or from 16 years of age for A Levels and preparation for university entrance. All our colleges have first class reputations in the education community and in the wider employment world; reputations which grow every year with each new cohort of students. Studying at an Abbey DLD College can provide you with an unrivalled opportunity to gain entry to some of the best universities in the UK, improve your English and make the best start to your career.

## **Abbotsholme School** *(Great Britain)*

[www.abbotsholme.co.uk](http://www.abbotsholme.co.uk)

### ***Participating in Latvia***

As a coeducational boarding and day school from ages 2-18, it is a wonderful place in which to learn and develop, with pupils leaving Abbotsholme confident, independent and adaptable.

Abbotsholme develops pupils' learning with a wide curriculum in deliberately small classes, as well as life skills lessons, and an endless variety of outdoor education activities. Sixth Form pupils have a dedicated sixth form centre to encourage independent learning in a wide range of subjects at A Level, as well as a log cabin village for our boarders.

Overseas pupils at Abbotsholme can do IGCSEs and GCSEs, and Pre A Level (three year) courses and A Levels. All pupils staying on in the UK for university achieve their desired place and course. Overseas pupils receive as much or as little English as an Additional Language (EAL) as they need.

We have outstanding facilities including an indoor climbing centre, BHS approved equestrian centre, theatre, music centre, electric car workshop, and working farm.

## **Adcote School for Girls** *(Great Britain)*

[www.adcoteinternational.com](http://www.adcoteinternational.com)

### ***Participating in Lithuania, Latvia, Estonia***

Adcote School for Girls is a unique, vibrant, independent school. Established in 1907, the school has around 230 pupils on roll and is set in a magnificent Grade I listed building, surrounded by 30 acres of beautifully landscaped parkland in Shropshire. We can take International Girls from the ages of 8 to 18 and offer wide range of subjects to study for GCSE, IGCSE and A-Levels. Adcote combines small class sizes and individual attention which go hand in hand with a wealth of extracurricular opportunities. The School was ranked 4th Nationally in 2013 for performance at A-Level and our alumnae go on to study at the best universities worldwide. The decision about which school to choose for your child is one of the most important that any parent has to make. We are fortunate that Adcote is its own multi-cultural community, with around a fifth of our pupils from overseas. We welcome pupils and staff from over fifteen countries from around the world and they bring a wealth of cultural diversity into Adcote. Our inter-

national students are fully integrated into School life and are made to feel very much part of the family. Many parents who have chosen Adcote comment on its welcoming atmosphere and our polite, well behaved and motivated pupils. As a school we aim to offer an excellent academic education as well as access to a wide range of Music, Drama and Sport. We believe that Adcote offers its pupils the best possible opportunities to succeed.

## **Academic Summer** *(Great Britain)*

[www.academicsummer.com](http://www.academicsummer.com)

### ***Participating in Lithuania, Latvia, Estonia***

Academic Summer offers you quality Prep School, GCSEs, IB and A-level preparation and revision courses in July and August. We welcome British and international students aged 7 to 18 and we follow a Content and Language Integrated Learning (CLIL) approach. You will experience a demanding and varied academic programme with us in the summer. Academic Summer is located at Cambridge Tutors College in London, Sidcot School near Bristol and Liverpool College in Liverpool.

Lessons integrate theory and practice. If you are a scientist, you will find yourself doing practical experiments in the laboratories; if you choose Design and Technology, you will complete a practical project in the workshops.

If you are aged 15 to 18 you will study 4 subjects a week. If you are aged 13 to 14, you will explore the broad curriculum of the IGCSE and cover a wide range of academic subjects. Academic Juniors is for students age 7 to 12 and offers a full curriculum of subjects in classes of up to twelve students. The medium of instruction is English and students have 20 hours of lessons a week plus sports and Personal Best tutor time during the school day. Whatever your age, Academic Summer offers a structured and balanced leisure programme designed for you. This includes sports, activities, student-led charity events, cultural visits and trips to complement the academic programme and to encourage social interaction in English. You will be encouraged to learn new skills, work in a team and aim for your Personal Best.

## **Baltic Council for International Education**

*(Estonia, Latvia, Lithuania)*

[www.balticcouncil.org](http://www.balticcouncil.org)

### ***Participating in Lithuania, Latvia, Estonia***

## Clifton College *(Great Britain)*

[www.cliftoncollegeuk.com](http://www.cliftoncollegeuk.com)

### *Participating in Latvia*

The three schools that form Clifton College are bound by a common purpose and a shared ethos but are separate and distinct schools each with its own character.

Located in what the poet Betjeman described as 'the handsomest suburb in Europe' each of the three schools share the same splendid surroundings, and each has the twin advantages of being close to the resources of a thriving modern city and yet to some spectacular countryside too.

And so what is the ethos that the three schools share? Wholeness is the key. Clifton College is a school in which all of the pupils are valued in all that they do and in every aspect of their intellectual, sporting and spiritual lives. We place great emphasis upon:

- ❖ teaching and learning, to help pupils explore their intellectual horizons and gain the highest results possible;
- ❖ outstanding pastoral care;
- ❖ implanting lasting social, moral and spiritual values.

During their time all pupils will discover something at which they shine and our aim is to enable them to develop themselves to the full and make a valuable contribution to the world in which they live. And we hope that they have great fun doing so too.

## **Concord College** *(Great Britain)*

[www.concordcollegeuk.com](http://www.concordcollegeuk.com)

### *Participating in Lithuania, Latvia, Estonia*

Founded in 1884, Ellesmere College is a fully coeducational school that successfully combines a happy atmosphere with impressive achievements academically and in music, art, sport and drama. Ellesmere offers an extensive range of excellent modern facilities which enhance both the curricular and extracurricular opportunities for the pupils.

Ellesmere College is a school that values individuals. Its aspirations for pupils have always been higher than simply passing examinations. However vital exam success is, and 85% of our students gained entrance to their first choice University, it is not enough on its own to prepare young people to be successful adults. An Ellesmere education is a preparation for living adult life successfully, considerably and with a sense of personal fulfilment.

Another excellent year for the school was demonstrated with outstanding performances from Sixth Form students in both International Baccalaureate and A Level. Many students achieved A\* and A grades at A Level with a number of Level 7 (the highest level) achieved in International Baccalaureate subjects including one student who received the top 45 points, gaining entry to Cambridge. GCSE grades were equally impressive with many A\* grades and departments recording 100% pass rate.

### *Participating in Latvia*

Welcome to the future of engineering! Specialising in sensor technology at this advanced level will provide outstanding and rewarding career opportunities, in a wide variety of roles.

The Bachelor Advanced Sensor Applications (ASA) is offered as a three or four year pro-

gramme. It focuses on diverse areas of knowledge, such as electrical engineering, mathematics, natural sciences, computer science, human technology and professional skills. ASA is similar to an electrical engineering study programme, but offers a pioneering specialisation in the important area of sensor technology.

Sensor applications bring technology to life when they are integrated in the latest technical innovations. They are found in all sectors of society: industry, product design, healthcare, agriculture, astronomy, R&D etc. This means you will develop the tools to make a real and lasting difference to society. The ASA bachelor is developed and delivered with active participation from leading technology companies, such as Philips, Shell and AS-TRON. You will not only learn about sensor technology, but you will also be trained in important professional skills, such as entrepreneurship, communication and presentation.

If you are looking for an inspiring, international, intercultural and ambitious study environment, ASA could be the perfect choice for you! Our institute boasts a dedicated faculty and state of the art facilities. ASA has also been awarded the status of 'Top Rated Programme' by the Dutch study guide Keuzegids.

**Programmes:**

Bachelor of Engineering: Advanced Sensor Applications (with honours) Master of Engineering: Advanced Sensor Application (begins 2014).

### ***Participating in Latvia***

It is a good choice to come to the Netherlands to study. Studying in this country isn't only studying in a safe and healthy environment but also studying in a country that belongs to the three best performing countries in the world university ranking. (The Times)

The International School Eerde in The Netherlands has been offering international educational programs such as the IGCSE and the IB-diploma curriculum for more than 80 years. We are a small community with only 130 international students and about 35 members of Staff, representing 20 different countries. We are offering learning support and guidance and of course, there is room for non-academic activities like art, music and sport. Our Basketball school team for girls is playing at a high level and some of the players are even invited to the Dutch National junior team. During this fair our school team is playing in Riga for the European Basketball league

The unique location of our school and the beautiful environment are the ideal and safe setting for the start of a challenging and enriching education. We are the only school in The Netherlands with boarding houses on Campus. The Campus Language is of course English.

Do you want to exploit your academic talents, develop your sport skills and enhance your leadership potential? Then Eerde is the place for you to be!

When it comes to a good education, one size does not necessarily fit all.

Founded in London in 1973 by three Cambridge University graduates, the MPW Group is one of the best known and well respected independent college brands in the UK. It comprises three fifth- and sixth-form colleges in London, Birmingham and Cambridge, providing highly attractive and modern learning environments located in close proximity to prestigious university campuses.

We are one of the country's best known providers of bespoke fifth and sixth form education, offering GCSEs and A levels in over 45 subjects. We also offer the University of London International Foundation Programme which has been developed by the LSE. This programme allows progression to some of the UK's top Russell Group universities in a wide range of social science subjects including economics, law and business.

MPW is distinctive in bringing the Oxbridge tutorial model to secondary education. Our ambitious students benefit from small classes no larger than eight, a personal tutor, exam preparation and UCAS support.

## **Sherborne International** (*Great Britain*)

[www.sherborne-ic.net](http://www.sherborne-ic.net)

### ***Participating in Lithuania, Latvia, Estonia***

Sherborne International was founded in 1977 by Sherborne School and is located close to the centre of the historical town of Sherborne.

Many students enrol on the one-year I/GCSE programme, although there is also a popular two-year option for those whose English skills are not quite as strong. The junior programmes, for students aged 11-14, provide solid foundations on which students can build their future learning.

Classes are small – usually a maximum of 8 students – and the full British curriculum is provided. Teachers are exceptional and all are trained, and most qualified, in teaching English as an Additional Language, as well as in their own specialist subject. Each year the school records far above average examination results.

Sherborne International aims to equip each student to take his or her place successfully at a traditional British independent boarding school - and a dedicated Future Schooling Adviser offers students expert advice on the best school for them.

In the five boarding houses experienced residential staff provide excellent pastoral care to ensure the happiness, health and welfare of all students.

Sherborne International also offers a long-established, intensive residential summer school programme with a full English curriculum for boys and girls aged 8-17.

## **State Education Development Agency** (*Latvia*)

[www.viaa.gov.lv](http://www.viaa.gov.lv)

### ***Participating in Latvia***

Erasmus+ is the European Union Programme in the fields of education, training, youth and sport for the period 2014-2020. Every year, thousands of projects are submitted by organisations across Europe in order to receive financial support from the Erasmus+ Programme. The Programme enhances the opportunities for cooperation and mobility with Partner Countries, notably in the field of higher education.

Particularly the opportunities offered by Erasmus+ in the field of higher education, where students, teachers and staff of higher education institutions, as well as professionals in enterprises constitute the main target population of the Programme, will be popularized by the State Education Development Agency in this exhibition. However, the Programme reaches these individuals through organisations that organise the activities – universities, colleges. The representatives of the State Education Development Agency will provide information on students' opportunities to study, to do traineeships and on professional completion of the teaching staff offered by Erasmus+ to those concerned, about Project writing and submission requirements, as well as will consult on the resources available on the internet for the support of the applicants and beneficiaries.

Erasmus+ Key Action 1 supports learners and staff mobility – provides opportunities for students, trainees, as well as professors, teaching and higher education institution staff to gain learning and/or professional experience in another country (in the EU member

states, Turkey, Norway, Iceland, Liechtenstein, former Yugoslav Republic of Macedonia) with a possibility to receive a grant. Possible students' study periods: from 3 to 12 months, traineeships: from 2 to 12 months maximum per each cycle of study. Duration of the activity for staff mobility: from 2 days to 2 months, excluding travel time.

## **St. Francis College** *(Great Britain)*

[www.st-francis.herts.sch.uk](http://www.st-francis.herts.sch.uk)

### ***Participating in Lithuania, Latvia, Estonia***

St. Francis' College is a boarding and day school for girls, 3 – 18, (boarding 10-18) that offers a modern education within traditional values. St. Francis' College boarding has a strong family atmosphere with around 75 full boarders supported by a boarding staff made up entirely of academic tutors. Ensuring high-quality provision for these girls is very important and Ofsted in their recent inspection report agreed that 'boarders gain in confidence in an environment where they are valued and where caring attitudes are encouraged'.

Excellence in Education: academic results are important, teaching classes are small, ensuring every girl receives individual attention to fulfil her potential.

This year has seen a 100% pass rate in both GCSEs and A-levels. In GCSEs 64% of all exams taken were passed at A grade. At A-level nearly half of all exams taken were passed at A grade, with all girls achieving places at the universities of their choice.

Extra-curricular: education is not just about academic rigour. Despite being a medium-sized school we have county, national and international representatives across a wide range of sports such as badminton, tennis, athletics, hockey, swimming and netball. Our girls excel in a range of performing arts dance, drama and music, from choirs and orchestras to jazz and rock bands. The art department holds the Artsmark Gold Award for arts provision.

Facilities: the College has a wide range of on-site sports and extra-curricular facilities, including an indoor swimming pool and a 330-seat purpose-built theatre. New science laboratories and IT suites have recently been installed, together with Smart Boards and projectors in classrooms, to ensure girls and staff are provided with the latest technology to support learning.

Location: the College is in Letchworth Garden City, the world's first garden city. Letchworth is located just 30 minutes, by train, north of London and close to the major airports.

*Participating in Lithuania, Latvia, Estonia*

Since 1576, the School's greatest strength is our community. The relationships between staff, pupils and parents allow us to craft an educational journey that is individually-suited to every pupil.

Through the high expectations and standards we set, all our young people are encouraged and helped to go further than they had thought possible in their academic, co-curricular, community and leadership journeys. We want them to become confident, civilised, tolerant and open-minded individuals who possess a love of learning and a strong sense of self-discipline along with a set of values reflecting our principles as a Christian Foundation.

Each will have taken a slightly different journey by the time they finish their School education, but our ultimate destinations for all are the same: that they will work hard to fulfil their true potential and add value to their lives.

All of us in the SVS community have strengths and weaknesses, but it is our unique qualities that add to the overall strength of the whole and in recognising this we uphold our ethos: a community where each cares for all and individuality is cherished.

The sense of purpose, support and happiness are palpable here.
